COMMONWEALTH OF KENTUCKY

BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE NOTICE OF PURCHASED GAS)
ADJUSTMENT FILING OF WESTERN) CASE NO. 99-070-G
KENTUCKY GAS COMPANY)

ORDER

On December 21, 1999, in Case No. 99-070, the Commission approved certain adjusted rates for Western Kentucky Gas Company ("Western") and provided for their further adjustment on a quarterly basis in accordance with Western's gas cost adjustment ("GCA") clause.

On September 28, 2000, Western filed its GCA to be effective November 1, 2000 through January 31, 2001.

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. Western's notice proposes revised rates designed to pass to its firm sales customers an expected wholesale increase in gas costs. Western's expected gas cost ("EGC") for firm sales customers is \$6.5271 per Mcf, an increase of 53.13 cents per Mcf from the previous EGC of \$5.9956. The EGC proposed for high load factor ("HLF") firm customers is \$5.7647 per Mcf.

Western also proposes to pass to its interruptible customers a wholesale increase in gas costs. Western's proposed EGC for interruptible sales customers is \$5.7647 per Mcf.

2. Western's proposal set out no current period refund adjustment ("RF"). The total refund factor of 1.45 cents per Mcf for firm sales customers and HLF customers and 1.45 cents per Mcf for interruptible customers reflects adjustments from previous months.

Western's notice set out no refund adjustment for T-2 firm and T-2 interruptible transportation customers.

- 3. Western's notice set out a correction factor ("CF") of \$1.1344 per Mcf, which will remain in effect until May 1, 2001. The CF is designed to collect net undercollections of gas cost from the seven-month period ending July 31, 2000.
- 4. Western's notice sets out its Performance Based Rate Recovery Factor ("PBRF") of 9.34 cents per Mcf to be effective for the 12-month period beginning February 1, 2000.
- 5. These adjustments produce gas cost adjustments of \$7.7404 per Mcf for firm sales customers, \$6.9780 per Mcf for HLF customers, and \$6.9780 per Mcf for interruptible sales customers. The impact on firm sales customers' bills is an increase of \$1.4157 per Mcf from the previous gas cost adjustment of \$6.3247.
- 6. The rate adjustments in the Appendix to this Order are fair, just, reasonable and in the public interest.

IT IS THEREFORE ORDERED that:

- 1. The rates in the Appendix to this Order are fair, just, and reasonable and are approved effective for final meter readings on and after November 1, 2000.
- 2. Within 30 days of the date of this Order, Western shall file with the Commission its revised tariffs setting out the rates authorized in this Order.

Done at Frankfort, Kentucky, this 30th day of October, 2000.
