O R D E R

On January 20, 2000, Purchase Public Service Corporation ("Purchase") and Sanitation District No. 2 of Marshall County, Kentucky ("Sanitation District No. 2") jointly filed with the Commission an application for authority to transfer the assets of The Draffenville Sanitary Sewer System.

KRS 278.020(5) requires the Commission to grant, modify, refuse, or prescribe terms and conditions to such application within 60 days after the filing or on a later date mutually acceptable to the Commission and the acquirer, in this case, Sanitation District No. 2.

The Commission finds that there is an agreement with the acquirer, Sanitation District No. 2, to extend the time period for an additional 30 days from March 20, 2000.

In its application, Sanitation District No. 2 requested a deviation from 807 KAR 5:071, Section 3(1)(a), which requires the filing of a third-party beneficiary agreement to ensure the continuity of sewage service. The Commission finds that the requested deviation should be granted.

IT IS THEREFORE ORDERED that:

1. The time in which the Commission is to render a decision in this transfer case is extended to April 19, 2000.

2. Sanitation District No. 2 is granted a deviation from 807 KAR 5:071, Section 3(1)(a), and is not required to file a third party beneficiary agreement.

Done at Frankfort, Kentucky, this 20th day of March, 2000.

By the Commission
