O R D E R

On June 8, 2000, this Commission issued an Order stating that the application in this case – which originally was filed on June 18, 1999 – would be dismissed without prejudice unless the applicants filed a status report on their efforts to co-locate their antennas on an existing structure. Applicants subsequently responded to the Order, and the case has remained on the docket at their request. Now an additional six months have passed. The record contains no additional filings since the June 2000 Order and the Applicants' response.

The Commission being sufficiently advised, IT IS HEREBY ORDERED that:

1. On or before January 30, 2001, Applicants shall file a status report regarding their attempts to co-locate this site, together with a statement as to why this case should remain on the Commission's docket despite lack of prosecution.

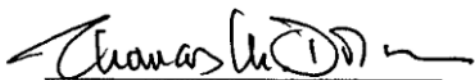

2. In each month subsequent to January, if Applicants wish this case to remain on the docket, they shall file, no later than the 30<sup>th</sup> of the month, an updated status report.

3. If, by the 30<sup>th</sup> of any month, the status report as ordered herein is not filed by Applicants, this case shall be dismissed immediately, without prejudice, and without further Order.

Done at Frankfort, Kentucky, this 16<sup>th</sup> day of January, 2001.

By the Commission
