

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

SIGMA GAS CORPORATION)
_____))
ALLEGED VIOLATION)
OF KRS 278.020)

CASE NO. 2000-345

O R D E R

On July 11, 2000, the Commission issued an Order to Sigma Gas Corporation ("Sigma") to show cause why it should not be subject to penalties prescribed by KRS 278.990 for certain violations. Sigma filed its response on July 26, 2000. An informal conference between Sigma and Commission Staff was held on December 14, 2000.

After reviewing Sigma's response and being otherwise sufficiently advised, the Commission concludes that the allegation of violations should be dismissed. To avoid problems in the future, Sigma should file documents in a timely manner to keep the Commission informed about planned and actual construction.

The Commission, on its own motion, HEREBY ORDERS that this case is dismissed and removed from the Commission's docket.

Done at Frankfort, Kentucky, this 22nd day of February, 2001.

By the Commission

ATTEST:

Executive Director
