In the Matter of:

THE APPLICATION OF NOLIN RURAL ELECTRIC)	
COOPERATIVE CORPORATION TO ADJUST THE)	
PAYOUT OF CAPITAL CREDITS IN ACCORDANCE)	CASE NO.
WITH THE COMMISSION'S ORDER OF AUGUST 17,)	2000-482
1995 IN CASE NO. 94-402)	

ORDER

On March 30, 2001, Nolin Rural Electric Cooperative Corporation ("Nolin") tendered for filing an application seeking authority to adjust its payout of capital credits. Although not a request for an adjustment of general rates, the application was required to be filed pursuant to the general rate application requirements of Administrative Regulation 807 KAR 5:001, Section 10. On May 7, 2001, Nolin moved the Commission for permission to deviate from the requirements of Administrative Regulation 807 KAR 5:001, Section 10(6)(t). This regulation requires a utility filing for a rate adjustment to file information regarding allocation for charges to the utility from affiliate transactions. Under the circumstances of this case, the Commission finds good cause to grant Nolin's request.

IT IS THEREFORE ORDERED that Nolin's request for permission to deviate from the filing requirements of Administrative Regulation 807 KAR 5:001, Section 10(6)(t) is granted.

Done at Frankfort, Kentucky, this 22nd day of May, 2001.
