O R D E R

On March 28, 2001, BellSouth Telecommunications, Inc. ("BellSouth") filed a proposed tariff seeking to revise portions of its General Subscriber Services Tariff. The proposed changes result in increases to monthly recurring and per use rate elements in the existing tariff. BellSouth has filed a motion for permission to use an abbreviated form of newspaper notice. The proposed abbreviated notice consists of a statement regarding the rate increases and a Web address and telephone number by which a full schedule of the proposed rates may be obtained. The Commission has reviewed the proposed abbreviated notice and finds that it does contain sufficient information to notify customers of the proposed changes in rates.

Accordingly, the Commission HEREBY ORDERS that BellSouth's motion to deviate from the notice requirements is granted.

Done at Frankfort, Kentucky, this 24th day of April, 2001.
