DATA REQUEST TO THOROUGHBRED GENERATING COMPANY, LLC

Thoroughbred Generating Company, LLC (Thoroughbred) is requested, pursuant to 807 KAR 5:001, to file with the Commission the original and 6 copies of the following information, with a copy to all parties of record. The information requested herein is due on or before September 8, 2003. Include with each response the name of the person who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to ensure that it is legible. Where information requested herein has been provided, in the format requested herein, reference may be made to the specific location of said information in responding to this information request.

1. Thoroughbred's Application, Section 2.1, contains a list of the owners of property that border the generating site and a copy of the public notice given to them pursuant to KRS 278.706(2)(c)1. However, the map included in Section 8.2.2 appears to indicate that the owners of property that border the generating site on the northwest side, adjacent to the river, were neither identified nor given the requisite public notice. Were the owners of property that border the generating site on the northwest side given public notice pursuant to KRS 278.706(2)(c)1?

a. If yes, provide a list of their names and documentation that public notice was given to them.

b. If no, explain in detail why they were not given public notice and why the requisite notice should not now be given to them as required by KRS 278.706(2)(c)1.
