

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF BIG RIVERS ELECTRIC)
CORPORATION, LG&E ENERGY MARKETING INC.,)
WESTERN KENTUCKY ENERGY CORP., WKE) CASE NO.
STATION TWO INC., AND WKE CORP. FOR) 2002-00294
APPROVAL OF DOCUMENTS AND AMENDMENTS)
TO DOCUMENTS)

O R D E R

On August 1, 2002, Big Rivers Electric Corporation (Big Rivers) and certain LG&E affiliates filed with the Commission a notice of intent to file within 30 days an application for approval of certain new agreements and amendments to existing agreements relating to the construction of pollution control equipment at the City of Henderson Station 2 generating facility. By letter dated September 5, 2002, Big Rivers and the LG&E affiliates notified the Commission that the documents had not yet been finalized and that the application was now expected to be filed by September 30, 2002. Based on subsequent discussions with Big Rivers, the Commission has been informed that the parties are still negotiating certain documents and that a date for filing the application is not known with certainty.

Based on a review of the record and being sufficiently advised, the Commission finds that it was prudent for Big Rivers and the LG&E affiliates to have filed the notice of intent at that time and for this case to have been established to facilitate review of the application. However, due to the delay in finalizing the documents, administrative efficiency will be achieved by closing this case. When all requisite documents are

finalized and Big Rivers and the LG&E affiliates are able to reasonably project a filing date, they should renote the Commission and a new case will be established at that time.

IT IS THEREFORE ORDERED that this case is closed.

Done at Frankfort, Kentucky, this 29th day of April, 2003.

By the Commission

ATTEST:

Executive Director
