

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF KENTUCKY UTILITIES)	
COMPANY FOR AUTHORIZATION OF)	CASE NO.
CHANGES IN SERVICE TERRITORY WITH)	2002-00400
CLARK ENERGY COOPERATIVE, INC.)	

ORDER

On November 1, 2002, Kentucky Utilities Company (KU) filed an application for approval of an agreement with Clark Energy Cooperative, Inc. (Clark Energy") to change the electric territorial boundary in the Waterford Place subdivision - Phase 5 (Waterford Place subdivision) currently being developed in Madison County, Kentucky.

The proposed change will realign the electric boundary in the subdivision to coincide with lot boundaries. The application is supported by an agreement signed by KU and Clark Energy describing the boundary change and incorporating a subdivision map reflecting the change. No existing customers will be reassigned to a different electric supplier as a result of the proposed territorial boundary changes.

Based on the application and being advised, the Commission finds that the proposed boundary changes will prevent wasteful duplication of facilities, avoid unnecessary encumbering of the landscape, minimize disputes between KU and Clark Energy, and provide adequate and reasonable service to all affected areas.

IT IS THEREFORE ORDERED that the boundary change as agreed upon by KU and Clark Energy in the Waterford Place subdivision is approved.

Done at Frankfort, Kentucky, this 3rd day of December, 2003.

By the Commission

ATTEST:

Executive Director
