O R D E R

Pursuant to Commission Order dated February 10, 2004, Kentucky ALLTEL, Inc. ("ALLTEL") filed a narrative description of the cost model it used to price unbundled network elements ("UNEs"), a description of inputs used to produce the cost study, and a description of the cost study meant to demonstrate that it is forward looking and that it meets total element long run incremental cost standards. The Commission now finds that a further procedural schedule should be implemented to probe the evidence submitted and to establish deaveraged UNE rates for ALLTEL.

IT IS THEREFORE ORDERED that:

1. By May 7, 2004, Intervenors and Commission Staff may file data requests for ALLTEL.
2. By May 28, 2004, ALLTEL shall file responses to data requests.
3. By June 11, 2004, any party to this proceeding shall file comments on ALLTEL's filings.
4. By June 25, 2004, any party including ALLTEL that desires a public hearing in this matter shall file a written request for a hearing. If no such request is received, this matter will stand submitted for Commission decision.

5. Motions for extensions of time with respect to this schedule shall be made in writing and will be granted only upon a showing of good cause.
