O R D E R

On January 12, 2004, Bluegrass FLOW, Inc. ("FLOW") filed a motion for full intervention in this proceeding pursuant to 807 KAR 5:001, Section 3(8). 807 KAR 5:001, Section 3(8), states that a person seeking full intervention must show to the Commission that he or she has a special interest which is not otherwise adequately represented in the proceeding or is likely to present issues that will assist the Commission without unduly complicating the proceedings. The Commission finds that FLOW has failed to provide sufficient information for rendering a decision on the motion. Therefore, the Commission finds that FLOW should provide the Commission, within 10 days from the date of this Order, additional information to support its motion. Specifically, FLOW should explain to the Commission how FLOW is likely to present issues that will assist the Commission in its decision and should explicitly state the type of expertise, if any, it has to offer in this proceeding.

The Commission further finds that the procedural schedule established by this Commission on January 26, 2004 should be suspended pending our decision on FLOW's motion.

IT IS THEREFORE ORDERED that:

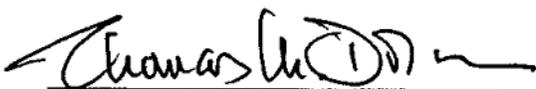

1. Within 10 days of the date of this Order, FLOW shall provide the Commission with additional information to support its motion to intervene in accordance with the findings herein.

2. The procedural schedule established on January 26, 2004 is suspended until further Order of the Commission.
