3. Whether LG&E/KU's tariff provisions, allowing the transfer of final bills to an active account and then using the transferred balance to initiate disconnection at a point of service other than that at which the final bill was incurred, violate Administrative Regulation 807 KAR 5:006, Section 14(1)(f).

The above listing illustrates Commission Staff's primary concerns regarding LG&E/KU's current practices. Discussion at the informal conference need not be limited to these issues.
