INTEGRATED RESOURCE PLAN	)	

ORDER

Louisville Gas and Electric Company and Kentucky Utilities Company (“LG&E/KU”) have requested a deviation from the filing schedule contained in 807 KAR 5:058, asking that they be permitted to file their joint 2005 Integrated Resource Plan (“IRP”) by April 21, 2005 and that they be permitted to file subsequent joint IRPs every three years thereafter. This request is made pursuant to 807 KAR 5:058, Section (2)(1)(c), which permits the Commission to modify the IRP filing schedules of jurisdictional electric utilities “for good cause shown.”

LG&E/KU’s petition notes that they perform joint planning of their generation and transmission resources. It also notes that an April IRP filing will allow LG&E/KU to follow the filing schedule previously established for KU under 807 KAR 5:058, Section 2(1)(a)(1).

Having considered the request and being otherwise sufficiently advised, the Commission finds that:

1. There is good cause to grant the request for deviation and permit LG&E/KU to file their 2005 IRP no later than April 21, 2005.

2. LG&E/KU should be permitted to file subsequent IRPs every three years thereafter, beginning with their 2008 IRP, which should be filed by April 21, 2008.

IT IS THEREFORE ORDERED that:

1. LG&E/KU's 2005 joint IRP shall be filed no later than April 21, 2005.

2. LG&E/KU shall file joint IRPs subsequent to their 2005 IRP every three years thereafter, beginning with their 2008 IRP, which shall be filed by April 21, 2008.

Done at Frankfort, Kentucky, this 7<sup>th</sup> day of February, 2005.
