O R D E R

On May 11, 2005, pursuant to KRS 278.704, the Illinois Municipal Electric Agency and the Indiana Municipal Power Agency ("Joint Applicants") filed a joint application with the Board for approval of their partnership with Louisville Gas and Electric Company and Kentucky Utilities Company in a project to construct a 750 MW addition to the existing generating station in Trimble County, Kentucky. As part of their application, Joint Applicants submitted a list of adjacent property owners to the Trimble County plant property identified as Exhibit E, page 2. This document, attached hereto as Appendix A, lists 14 adjacent landowners. The Joint Applicants state in the application that this list comprises the set of adjacent landowners to whom they sent notice pursuant to KRS 278.706(2)(c)(1).¹

¹ Joint Applicants' application, Exhibit F and Tab 3.

On May 31, 2005, Board Staff sent a letter to the Joint Applicants stating that their application to construct a merchant electric generating facility was administratively complete. On July 1, 2005, Board Staff submitted its first data request to Joint Applicants seeking to clarify issues relating to the project site and adjacent properties. Joint Applicants responded to the data request on July 8, 2005.

In their response to Board Staff's first data request, Joint Applicants submitted a list of adjacent property owners to the Trimble County plant property. This document, attached hereto as Appendix B, lists 31 adjacent landowners. Pursuant to KRS 278.706(2)(c)(1), Joint Applicants are required to give notice to "landowners whose property borders the proposed site." Due to the discrepancy in the lists of adjacent landowners submitted by the Joint Applicants, and the subsequent lack of notice to at least 17 adjoining landowners, the application can no longer be considered administratively complete.

Therefore, the Board withdraws the finding of May 31, 2005 that the application of Joint Applicants is administratively complete. Within 20 days of the date of this Order, the Joint Applicants should either (1) file proof of service of notice on the additional adjacent landowners who were not previously given proper notice² or (2) provide the Board with a schedule as to when they will provide that proof. The procedural schedule filed June 30, 2005 shall no longer apply to this case,³ and the time

² Pursuant to KRS 278.706(2)(c)(1).

³ Thus, the hearing previously scheduled for August 24, 2005 is cancelled.

limits imposed by KRS 278.710(1)⁴ will not be in effect until the Board finds that this application is administratively complete.

IT IS THEREFORE ORDERED that:

1. The May 31, 2005 finding that the Joint Applicants' application to construct a merchant electric generating facility is administratively complete is withdrawn.

2. Within 20 days of the date of this Order, the Joint Applicants shall either (1) submit proof that notice required by KRS 278.706(2)(c)(1) has been given to all adjoining landowners, or (2) provide the Board with a schedule as to when they will provide that proof.

3. The procedural schedule established by the Board on June 30, 2005 shall not apply to this case, and a new schedule shall be established when the Board determines that the Joint Applicants' application is administratively complete.

4. The time limitations imposed by KRS 270.710(1) will not take effect until the Board determines that the Joint Applicants' application is administratively complete.

5. If, within 20 days of the date of this Order, the Joint Applicants have not made a filing as required by this Order, this case shall be dismissed and removed from the Board's docket.

⁴ "Within ninety (90) days of receipt of an administratively complete application, or within one hundred twenty (120) days of receipt of an administratively complete application if a hearing is requested, the board shall, by majority vote, grant or deny a construction certificate, either in whole or in part, based upon the following criteria:..."
