

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION FOR THE APPROVAL OF)	
KENTUCKY POWER COMPANY'S DEMAND-)	
SIDE MANAGEMENT PROGRAMS AND)	CASE NO. 2005-00333
ASSOCIATED TARIFF)	

O R D E R

On August 15, 2005, Kentucky Power Company ("Kentucky Power") filed its 6-month status report and program evaluation reports on its Demand-Side Management ("DSM") Plan. Kentucky Power also filed a request to implement a revised tariff to recover costs associated with its DSM programs and to continue its DSM plan for an additional three years. In addition, Kentucky Power requests approval to increase the annual participation level for the Modified Energy Fitness Program to 1,000 customers. Finally, Kentucky Power asks for approval to discontinue the incentive for the installation of high efficiency air conditioning in the Mobile Home New Construction Program at the end of calendar year 2005. In its application, Kentucky Power proposed an effective date of September 28, 2005 for the revised rates.

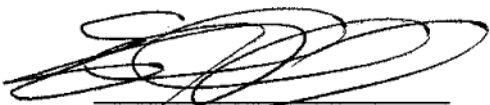

The Commission, being otherwise sufficiently advised, finds that further proceedings are necessary to determine the reasonableness of Kentucky Power's DSM program requests and proposed rates and that these proceedings cannot be completed prior to the proposed effective date.

IT IS THEREFORE ORDERED that the proposed rates are suspended for 5 months from September 28, 2005 up to and including February 27, 2006. Nothing shall prevent the Commission from issuing an Order prior to the end of the suspension period.

Done at Frankfort, Kentucky, this 8th day of September, 2005.

By the Commission
