Case 2005-00389

COMPLAINT

The complaint of 271 West Main Street, LLC respectfully shows:

- (a) 271 West Main Street, LLC  
269 W. Main St., Suite 600, Lexington, KY 40507
- (b) Kentucky Utilities  
P.O. Box 14242, Lexington, KY 40512-4242

That: 271 West Main Street, LLC purchased the building known as the Court Yard Square building, 269 West Main Street, Lexington, Kentucky, 40507 on March 18<sup>th</sup>, 2005. During the due diligence prior to the purchase of the building the cost of utilities servicing the building was reviewed and everything seemed in order. After purchasing the building, the utility rates went up approximately 43%. Attached are the bills from prior to the purchase and the bills after the purchase as well as a spreadsheet showing the cost of each month for the last 18 months.

Kentucky Utilities was contacted after it came to the attention of the Complainant that the bills had gone up 43%. Kentucky Utilities told the Complainant that nothing could be done about this matter due to the fact that it was part of a rate tariff that had been passed in 2004. The rate tariff passed in 2004 grandfathered certain LP users. See original sheet No. 20, PSC No. 13 attached. It was the position of KU that the change of ownership of the building allowed for an increased rate. The Complainant was informed that this was the first time that an increase of this magnitude had been experienced under the grandfathered clause.

Continued on Next Page

The Complainant believes that it was not the intention of the Public Service Commission for buildings to experience this increase in utility rates upon a mere transfer of ownership. As it is well known, most grandfathered conditions (such as zoning nonconforming issues) generally apply to the property and not to the ownership.

Wherefore, Complainant asks that: The rates structure for the building be returned to the prior LP rate service under original sheet No. 20, PSC No. 13 for the building, which is LP-Secondary service.

Dated at Lexington, Kentucky, this 19<sup>th</sup> day  
of September, 2005.

Issued By Authority of an Order of the KPSC in Case No. 2003-00434 dated June 30, 2004

**ELECTRIC RATE SCHEDULE****LP****Large Power Service****DETERMINATION OF MAXIMUM LOAD**

The load will be measured and will be the average KW demand delivered to the customer during the 15-minute period of maximum use during the month.

The Company reserves the right to place a KVA meter and base the billing demand on the measured KVA. The charge will be computed based on the measured KVA times 90 percent of the applicable KW charge.

In lieu of placing a KVA meter, the Company may adjust the measured maximum load for billing purposes when power factor is less than 90 percent in accordance with the following formula: (BASED ON POWER FACTOR MEASURED AT TIME OF MAXIMUM LOAD).

$$\text{Adjusted Maximum KW Load for Billing Purposes} = \frac{\text{Maximum Load Measured} \times 90\%}{\text{Power Factor (in percent)}}$$

**MINIMUM ANNUAL CHARGE**

Service under this schedule is subject to an annual minimum of \$79.80 per kilowatt for secondary delivery, \$75.12 per kilowatt for primary delivery and \$71.04 per kilowatt for transmission delivery for each yearly period based on the greater of (a), (b), (c), (d), or (e) as follows:

- (a) The highest monthly maximum load during such yearly period.
- (b) The contract capacity, based on the expected maximum KW demand upon the system.
- (c) 60 percent of the KW capacity of facilities specified by the customer.
- (d) Secondary delivery, \$798.00 per year; Primary delivery, \$1,878.00 per year; Transmission delivery, \$3,552.00 per year.
- (e) Minimum may be adjusted where customer's service requires an abnormal investment in special facilities.

Payments to be made monthly of not less than 1/12 of the Annual Minimum until the aggregate payments during the contract year equal the Annual Minimum. However, payments made in excess of the amount based on above rate schedule will be applied as a credit on billings for energy used during contract year. A new customer or an existing customer having made a permanent change in the operation of electrical equipment that materially affects the use in kilowatt-hours and/or use in kilowatts of maximum load will be given an opportunity to determine new service requirements in order to select the most favorable contract year period and rate applicable.

**DUE DATE OF BILL**

Customer's payment will be due within 10 days from date of bill.

**TERM OF CONTRACT**

For a fixed term of not less than one year and for such time thereafter until terminated by either party giving 30 days written notice to the other of the desire to terminate.

**TERMS AND CONDITIONS**

Service will be furnished under Company's Terms and Conditions applicable hereto.
