CLARK COUNTY WATER DISTRICT )

O R D E R

The Commission, on its own motion, HEREBY ORDERS that the Order of February 21, 2006 is amended to add the following Ordering Paragraph:

3. No later than the rendering of the first bill for service using the rates set forth in Appendix B to this Order, East Clark District shall notify its customers of the revised rates by publishing the following notice in a newspaper of general circulation and a schedule of the rates set forth in Appendix B:

NOTICE

On February 21, 2006, the Public Service Commission in Case No. 2004-00455 ordered East Clark County Water District to charge the rates for water service that are set forth below. These rates reflect East Clark County Water District's increased cost of purchasing water from Winchester Municipal Utilities, which adjusted its water service rates on January 1, 2005. The Public Service Commission established these revised rates after discovering errors in its earlier calculation of East Clark County Water District's purchased water costs and its allocation of these costs to East Clark County Water District's customers.
