1. In its answer to your complaint, Jessamine-South Elkhorn Water District ("Jessamine-South Elkhorn") states that occupants of your farm have had water supplied to them for several years from the city of Nicholasville ("City"), but that the service line on the farm has fallen into disrepair resulting in large losses of water. They further state that the City has asked that you repair the line on your farm in order to restore service.

a. If you agree with these statements, explain why the lines have not been repaired. Describe all conversations with representatives of the City and provide the estimated cost of repair.

b. If you do not agree with these statements, identify the portions of the statements that you do not agree with and explain the reasons that you do not agree.

c. Explain why you would need to lay 1,500 feet of line to connect to the City.
