O R D E R

On January 17, 2006, Atmos Energy Corporation ("Atmos") filed its request to terminate the filing requirements ordered by the Commission in Case No. 1998-00224.¹ In that case, the Commission approved Atmos's request to create and issue 650,000 shares of common stock through its Restricted Stock Grant Plan and required Atmos to notify the Commission on a semi-annual basis of the number of shares it had issued. Since Atmos has now issued all 650,000 shares, it requests that the Commission no longer require it to file a report.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that the filing requirements in Case No. 1998-00224 should be terminated.

¹ Case No. 1998-00224, The Application of Atmos Energy Corporation, Through its Division, Western Kentucky Gas Company of Owensboro, Kentucky, for an Order Authorizing the Creation and Issuance of 650,000 Shares of Common Stock Through its Restricted Stock Grant Plan, Order dated June 16, 1998.

IT IS THEREFORE ORDERED that the filing requirements in Case No. 1998-00224 are hereby terminated.

Done at Frankfort, Kentucky, this 6th day of February, 2006.

By the Commission
