

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

CONSIDERATION OF THE REQUIREMENTS)	
OF THE FEDERAL ENERGY POLICY ACT OF)	CASE NO.
2005 REGARDING TIME-BASED METERING,)	2006-00045
DEMAND RESPONSE, AND)	
INTERCONNECTION SERVICE)	

O R D E R

The Commission instituted this case on its own motion to consider several requirements of the Federal Energy Policy Act of 2005. The procedural schedule for the case was set in the initial Order dated February 24, 2006.

On June 2, 2006, Cellnet Technology, Inc. and Hunt Technologies, Inc. ("Movants") requested an extension for filing of intervenor testimony from June 6, 2006 to June 15, 2006. They explained that the Order allowing their intervention was not issued until June 1, 2006, and consequently they had not been served with all the utilities' testimony that was filed on May 18, 2006. In addition to the extension, Movants requested that they be allowed to file their testimony on the due date by facsimile with a follow-up hard copy.

The Commission finds good cause to grant the requested extension, which shall apply to all intervenors. Their testimony is now due on June 15, 2006. If any intervenor cannot file hard copies on that date, it may file a copy by facsimile with a hard copy to follow. In that case, however, all parties shall likewise be served with either a facsimile or e-mail copy on the due date, followed up with a hard copy.

IT IS THEREFORE ORDERED that intervenor testimony in this case is due June 15, 2006, as provided in this Order.

Done at Frankfort, Kentucky, this 5th day of June, 2006.

By the Commission

ATTEST:

Executive Director
