Re: Sewer Service Charges for Appalachian Waste Control/Notice of Water
Disconnect

Dear Ms. Jackson:

Our records reflect that you are delinquent in the payment of your sewer service charges for the above address in the amount of \$530.48.

This letter is to advise you that the Paintsville Utilities Commission will disconnect water service to any customer who fails to pay for sewer services. Pursuant to KRS 96.932, a sewer provider can compel a water service provider to stop a customer's water service for non-payment of his or her sewer bill. By law, the water service must discontinue the service and cannot turn the service back on until the sewer provider so directs. You will be responsible for any charges for discontinuing the service and reinstating the service.

Please be advised that your water service will be disconnected for non-payment of your sewer bill unless, within ten (10) days of the date of this letter, you make payment in full for all delinquent charges, or enter into an acceptable payment agreement to pay your delinquent sewer charges in full. This termination date will not be affected by your receipt of any subsequent bill. You have the right to dispute the reasons for termination.

Please forward payment in the amount reflected to the address above, or contact me if you believe that this notice is being sent in error.

Sincerely,

Squire N. Williams III
Temporary Receiver, Appalachian Waste Control

This notice is an attempt to collect a debt. Any information obtained will be used for that purpose.
