INITIAL DATA REQUEST OF COMMISSION STAFF TO
SOUTH KENTUCKY RURAL ELECTRIC COOPERATIVE CORPORATION

South Kentucky Rural Electric Cooperative Corporation ("South Kentucky"), pursuant to 807 KAR 5:001, is to file with the Commission the original and 5 copies of the following information, with a copy to all parties of record. The information requested herein is due on or before January 12, 2009. Responses to requests for information shall be appropriately bound, tabbed, and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

South Kentucky shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any requests to which South Kentucky fails or refuses to furnish all or part of the requested information, South Kentucky shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations.

1. Provide the workpapers, spreadsheets, etc. which show the calculation of the increase, by individual wholesale rate schedule, in South Kentucky's cost of power from East Kentucky Power Cooperative, Inc. that South Kentucky is proposing to flow through to its customers. Include a brief narrative description of the data being provided.

2. Refer to Exhibit 3 of the application. The billing analysis shows various rate schedules with escalation percentages applied to the billing determinants. Explain the need for the escalation percentages and provide workpapers, spreadsheets, etc. for the calculation of the percentages, as well as a narrative explanation of how the percentages were determined.

3. Refer to Exhibit 3 of the application, page 1 of 8. The billing analysis shows that South Kentucky receives no revenue from Casey Stone Company; however,

the public notice provided in Exhibit 5 shows an increase in the rate applicable to this customer. Explain why it is necessary to adjust this rate.

4. Refer to Exhibit 3 of the application, page 5 of 8. For the energy charge billing determinant calculations (First 400kWh and All remaining kWh), explain why the billing units multiplied by the escalation factor does not equal the billing determinants shown on this schedule. If a correction is required, please file a copy of all schedules that would require updating.

5. Refer to Exhibit 3 of the application, page 8 of 8. Under the Outdoor Lighting Service section, explain why the fourth line down, "M/Vapor Sec L – Metered" does not show any test year revenue. If a correction is required, please file a copy of all schedules that would require updating.
