O R D E R

On February 13, 2008, the Commission entered an Order in a proceeding against Ledbetter Water District (“Ledbetter District”) and its officers. Ledbetter District is a Chapter 74 water district subject to the Commission’s jurisdiction pursuant to KRS 278.010(3)(d) and 278.040. Ledbetter District provides water service to approximately 1,181 residential and 40 commercial customers in Ledbetter, Livingston County, Kentucky. A five-member board of commissioners controls and manages the affairs of Ledbetter District.¹ William Phillip Dae, Terry Teitloff, Arnie Puckett, and Bill Gillahan have served as members of Ledbetter District’s Board of Commissioners since on or after March 31, 2004.

KRS 278.015 provides that, when a wholesale supplier selling water to a water district increases its rates, the water district may increase its rates commensurate with

¹ KRS 74.020(1); *Annual Report of Ledbetter Water District for Year Ending December 31, 2007* at 6.

the wholesale supplier without the prior approval of the Commission.² It further provides that, within 20 days after any such increase in rates, the water district must file its revised tariffs with the Commission “together with a copy of the notice from its wholesale supplier showing the increase in the rate charged to the utility, and a statement of the volume of purchased water used or sewage treated to calculate the increase in rates.”

KRS 278.160(1) provides that “[n]o utility shall charge, demand, collect, or receive from any person a greater or less compensation for any service rendered or to be rendered than that prescribed in its filed schedules”

On February 13, 2009, an Order was issued directing the parties to respond to the allegations of violations of KRS 278.015, KRS 278.160 and 807 KAR 5:068, Section 3, and to participate in an informal conference to assist in a resolution of this matter. During the informal conference held March 4, 2009, Ledbetter District, Ledbetter District’s water commissioners, and Commission Staff entered into a Settlement Agreement to dispose of all issues in the case. Commission Staff agreed to accept a civil penalty for Ledbetter District in the amount of \$2,500, probated for a period of two years provided there is no further violation. This probated disposition was based upon the financial condition of this non-profit utility and the circumstances of the alleged filing. Commission Staff required that the water commissioners also be assessed a civil penalty of \$2,500 each, probated for two years upon the provision that each of them attend two annual water commissioner training programs given by the Commission Staff.

² 807 KAR 5:068 refers to this procedure as a Purchased Water Adjustment.

The Commission finds that Ledbetter District and the named water commissioners have waived a formal hearing. The Commission further finds that the Settlement Agreement dated May 26, 2009, and attached as an Appendix to this Order, is in accordance with the law, does not violate any regulatory principle, results in a reasonable resolution of this case, and is in the public interest.

IT IS THEREFORE ORDERED that:

1. The Settlement Agreement dated May 26, 2009 is incorporated into this Order as if fully set forth herein.
2. The terms and conditions set forth in the Settlement Agreement are adopted and approved.
3. Ledbetter District is assessed a civil penalty of \$2,500 for violations of KRS 278.015(2) and KRS 278.160(1), which amount is probated for a period of two years upon the condition that Ledbetter District have no violations within that period.
4. Ledbetter District's water commissioners, William Phillip Dae, Terry Teitloff, Arnie Puckett, and Bill Gillahan are each assessed a civil penalty of \$2,500, which amount is probated for a period of two years upon the condition that each water commissioner attend two annual water district management training programs as provided by the Kentucky Public Service Commission.
5. A repeat violation of those enumerated in the Settlement Agreement shall constitute a violation of the terms of the penalty suspension and render the suspended penalty due and payable.
6. This case shall be considered closed and shall be removed from the Commission's docket.
