

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

PROPOSED ADJUSTMENT OF THE WHOLESALE)
WATER SERVICE RATES OF THE CITY OF) CASE NO. 2009-00056
LAWRENCEBURG)

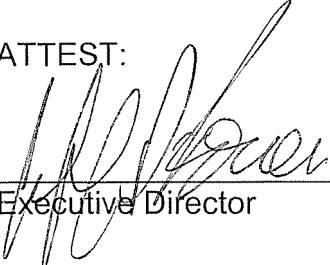

ORDER

On March 3, 2009, Commission Staff held an informal conference with the parties of this case. During the conference, the City of Lawrenceburg presented a revised cost-of-service study. Errors were discovered in the study's calculations and Lawrenceburg stated its intent to amend the study. South Anderson Water District stated that, once the cost-of-service study was completed, it should be able to complete its review within a couple of weeks. The parties were to inform the Commission of any agreements that were made.

More than two months have passed since the informal conference and the parties have not filed any documents in this case. KRS 278.190 requires the Commission to decide rate cases within ten months after proposed rate revisions are filed. We must, therefore, process the case in an efficient and effective manner.

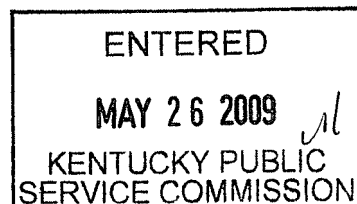

IT IS THEREFORE ORDERED that both parties shall file a statement in writing within seven days of this Order providing an update on the status of any negotiations and a proposed timeline for the filing of a revised cost-of-service study.
