On December 22, 2006, February 5, 2007, March 19, 2007, November 9, 2007 and May 1, 2008, the Commission issued substantive arbitration Orders in this proceeding and instructed the parties to file interconnection agreements consistent with those decisions. On June 18, 2008, the Commission issued a final Order which approved the submission of certain interconnection agreements.

Several of the CMRS Providers sought appellate review of the Commission's Orders before the United States District Court for the Eastern District of Kentucky. On May 20, 2009, the Court issued its Memorandum Opinion and Order and Judgment,³ wherein it reversed portions of the Commission's Orders and remanded another portion back to the Commission for final decision.⁴ The Court also instructed the Commission

On December 18, 2009, North Central filed interconnection agreements with the Commission in the following original consolidated cases:

<u>Case No.</u>	<u>Commercial Mobile Radio Service Providers</u>
2006-00253	Cellco Partnership d/b/a Verizon Wireless, GTE Wireless of the Midwest Incorporated d/b/a Verizon Wireless, and Kentucky RSA No. 1 Partnership d/b/a Verizon Wireless

The Commission has reviewed the agreements pursuant to 47 U.S.C. § 252(e)(1) and finds that no portion of the agreements discriminates against any telecommunications carrier not party to the agreements and that implementation of the agreements is consistent with the public interest, convenience and necessity. The Commission also finds that the agreements meet the requirements of 47 U.S.C. § 251.

Having reviewed the submissions and having been otherwise sufficiently advised, the Commission finds that the interconnection agreements submitted by North Central, as referenced herein, should be approved.

IT IS THEREFORE ORDERED that:

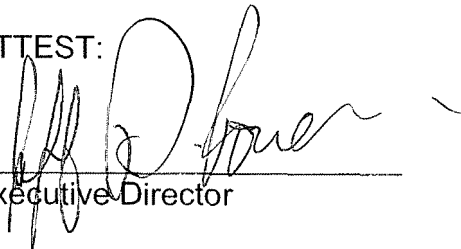

1. The North Central interconnection agreements are approved.
2. This matter is closed and removed from the Commission’s docket.
