

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF ATMOS ENERGY CORPORATION) CASE NO.
FOR AN ADJUSTMENT OF RATES) 2009-00354

O R D E R

Atmos Energy Corporation ("Atmos") is a gas distribution utility which operates in 12 states, serving approximately 3.1 million customers. Its Kentucky/Mid-States division provides natural gas service in Kentucky as well as Georgia, Illinois, Iowa, Missouri, Tennessee and Virginia. In Kentucky, it serves approximately 172,300 customers in 38 central and western Kentucky counties. The most recent adjustment of its base rates was in July 2007 in Case No. 2006-00464.¹

BACKGROUND

On October 29, 2009, Atmos submitted its application, based on a forecasted test year covering the 12 months ended March 31, 2011, seeking an increase in revenues of \$9,486,033, with a proposed effective date of December 1, 2009.

A review of the application revealed that it did not meet the minimum filing requirements set forth in 807 KAR 5:001, Section 10, and a notice of filing deficiencies was issued. Atmos filed information on November 18, 2009 to cure the noted filing deficiencies. Our December 8, 2009 Order found that the additional information

¹ Case No. 2006-00464, Application of Atmos Energy Corporation for an Adjustment of Rates (Ky. PSC Jul. 31, 2007).

satisfied the minimum filing requirements as of November 18, 2009 and that the earliest possible date Atmos's proposed rates could become effective was December 18, 2009.

The Commission found that an investigation would be necessary to determine the reasonableness of Atmos's proposed rates and suspended them for six months, from December 18, 2009 up to and including June 17, 2010, pursuant to KRS 278.190(2). That Order included a procedural schedule for processing this case which provided for discovery on the application, intervenor testimony, discovery on intervenor testimony, rebuttal testimony by Atmos, a public hearing, and an opportunity for the parties to file post-hearing briefs.

The Attorney General of the Commonwealth of Kentucky, by and through his Office of Rate Intervention ("AG"), is the only intervenor in this matter. Discovery was conducted on Atmos's application by the AG and the Commission Staff ("Staff"). Neither intervenor testimony nor rebuttal testimony was filed in this proceeding.

On March 12, 2010, Atmos and the AG filed a Stipulation and Recommendation ("Stipulation") with the Commission that was described as a mutually satisfactory resolution of all the issues in this case. The Settlement consists of a five-page document with two attachments: Attachment A, Atmos's revised tariffs pursuant to the Stipulation; and Attachment B, Atmos's proof of revenues. In support of the Stipulation, Atmos submitted the written testimony of Gary L. Smith, its Director-Rates and Regulatory Affairs. Mr. Smith's testimony also included a discussion of one accounting adjustment proposed in Atmos's application which had not been included as part of the Stipulation. The Commission issued data requests to the parties on the Stipulation on April 1, 2010, and Atmos and the AG responded on April 14, 2010.

A public hearing on the reasonableness of the Stipulation was held on May 11, 2010, during which Atmos presented testimony in support of the Stipulation and responded to cross-examination by Staff and questions from the Commission. Under the Stipulation, the AG waived cross-examination of Atmos's witnesses and both parties waived the filing of post-hearing briefs.

STIPULATION

The Stipulation, attached as Appendix A to this Order, reflects a unanimous resolution of all contested issues raised in this case. In its application, Atmos proposed a revenue increase of approximately \$9.5 million. The Stipulation contains the parties' unanimous recommendation that Atmos's revenues be increased by \$5.95 million. The major provisions of the Stipulation include the following:

- Atmos's rates will be increased to recover \$5,950,000 more in annual revenues, with the new rates effective for service rendered on and after June 1, 2010.
- Atmos's residential customer charge will be increased from \$9.35 to \$12.50. It had proposed a residential customer charge of \$13.50
- Atmos's proposed Pipeline Replacement Program ("PRP") will be adopted and implemented as proposed.
- Atmos will implement its proposal to recover uncollectible expenses attributed to its gas commodity costs through its Gas Cost Adjustment Mechanism.
- Atmos will continue to use the depreciation rates approved in Case No. 2006-00464.

- For purposes of the PRP, Atmos will utilize a return on equity of 10.5 percent based on its projected capital structure and long-term debt.
- Atmos agrees to reimburse the AG for litigation costs associated with this proceeding in the amount of \$50,000, pursuant to KRS 48.005, with the amount paid from shareholder funds.
- Atmos's rate case expenses will be amortized for recovery over a three-year period.

STIPULATION ADDITIONS/MODIFICATIONS

In addition to items contained in the Stipulation, Mr. Smith's testimony in support of the Stipulation requested that the Commission address the amortization of the manufactured gas plant expenditures of \$549,913 that Atmos had been authorized to defer as a regulatory asset in Case No. 2008-00230.² In its application, Atmos had proposed to amortize and recover the cost over a period of three years.³

Our data requests on the Stipulation followed up on two issues related to the PRP that had been raised in Staff's discovery on Atmos's application. The first issue concerns having the costs of the PRP shown as a separate item on customers' bills. The second issue concerns whether the effective date for implementing the PRP should be immediately after Atmos's forecasted test period or after the first 12 months the rates

² Case No. 2008-00230, Application of Atmos Energy Corporation for an Order Approving the Accounting Treatment of Costs and Expenses Incurred in Connection with Environmental Remedial Actions Associated with a Manufactured Gas Plant Site in Owensboro, Kentucky (Ky. PSC Sept. 29, 2008).

³ At the May 11, 2010 public hearing, the AG stated that he had no objection to the Commission's authorizing the amortization requested by Atmos.

approved in this proceeding are in effect.⁴ Consistent with Atmos's responses to our data requests, we will modify the terms of the Stipulation such that (1) the costs of the PRP will be shown separately on customers' bills rather than included in Atmos's base rates and (2) the implementation date for computing the initial PRP will be June 1, 2011 rather than April 1, 2011.

As previously mentioned herein, the Stipulation provides that Atmos's shareholders will reimburse the AG his litigation costs. When questioned whether the Commission had the authority to approve such reimbursement, both parties asserted that the Commission does not have the authority to award reimbursement of costs on its own, but does have the requisite authority to approve such a provision if it is part of a settlement.⁵ In addition, the AG cited in support the 2008 Kentucky Budget Bill, specifically Ky. Acts Ch. 127, page 10, Item 20, paragraph 6, which provides in pertinent part as follows:

(6) Reasonable Costs of Litigation: Notwithstanding KRS 48.005(5) and (7), **the Attorney General's Office may first recover its reasonable costs of litigation, as determined by the Court** and any remaining funds after consumer restitution is made shall be deposited in the General Fund Surplus Account (KRS. 48.700).

(Emphasis added.) The AG stated that, while the Commission does not have the full powers of a court, it does carry out a quasi-judicial function and that this proceeding

⁴ This issue arose due to Atmos's forecasted test period not matching the first 12 months immediately following the suspension period in this case.

⁵ See Attorney General's Response to the Commission Staff's Requests for Information dated April 14, 2010, Item 1.b. and Atmos's Response to Commission Staff's Requests for Information dated April 14, 2010, Item 4.

constitutes "litigation."⁶ According to the AG, the Commission has the authority to award the AG his reasonable costs of litigation, but only when the parties to the settlement agree. We disagree with this position.

The Commission does not find the cited Kentucky Acts provision applicable to this proceeding. An administrative agency such as the Commission is not a court.⁷ While the Commission may adjudicate facts, it does not exercise judicial power.⁸ Furthermore, this proceeding is before the Commission on Atmos's request to adjust its base rates. As such, the Commission is carrying out a legislative function, not a judicial function.⁹

The Commission finds its enabling statutes similarly unavailing. The AG acknowledges that the Commission is a creature of statute and has only such powers as granted by the General Assembly.¹⁰ Those powers do not include the authority to approve attorneys' fees and costs of intervening parties. In a 1995 unpublished opinion, subsequently overruled on unrelated grounds, the Kentucky Court of Appeals stated,

⁶ Hearing Order Transcript, May 11, 2010, 10:32:34-53.

⁷ *Duncan v. Smith*, 262 S.W.2d 373, 376 (1953) ("[I]t is reasonably clear that, as far as *Kentucky* is concerned, 'court' means a county court or circuit court . . .").

⁸ *American Beauty Homes Corp. v. Louisville and Jefferson County Planning and Zoning Comm'n*, 379 S.W. 2d 450, 458 n. 20 (1964) ("It is very doubtful that characterizing the function of an administrative agency as quasi-judicial serves any purpose but to confuse. Though such an agency may adjudicate, it does not exercise judicial power and the term, instead of correlating the agency with the judiciary, may mean exactly the opposite").

⁹ *KIUC v. Kentucky Utilities*, 983 S.W. 2d 493, 497 (Ky. 1998) ("It is well settled that ratemaking is a legislative function and the power vested in the legislature to make rates may be exercised by it either directly or through some appropriate agency").

¹⁰ Hearing Order Transcript, May 11, 2010, 10:40:28-33.

"[n]o where in its enabling legislation is the PSC given the authority to award attorney fees and costs and, unlike the implied authority to order the refund, there is no statute which necessarily implies that authority."¹¹ The parties cannot enlarge the Commission's authority simply by including provisions in a settlement agreement that otherwise relates to utility rates.

Additionally, KRS 278.040 provides that the Commission has the authority to regulate public utilities and enforce the provisions of KRS Chapter 278. This authority to regulate public utilities, however, extends only to the rates and services of the utilities. The Stipulation provides that the reimbursement of the AG's costs is to be paid from shareholder funds, and Atmos provided additional information concerning the accounting treatment of the reimbursement transaction. The transaction will be recorded as a below-the-line expense and, as such, will not be reflected in or affect Atmos's rates.

Based on the above, the Commission finds that it lacks the authority to approve numerical paragraph 5 of the Stipulation.¹² We note, however, that both parties state that the remaining provisions of the Stipulation relating to Atmos's proposed rate adjustment are reasonable. Therefore, numerical paragraph 5 of the Stipulation will be disregarded and should not be deemed approved by the Commission.

¹¹ *Boone County Water and Sewer District v. Public Service Comm'n*, 1995 WL 457210 (Ky. App. Aug. 4, 1995).

¹² This is a matter that the General Assembly and future Commissions will be left to address.

SUMMARY

The Stipulation provides that the rates, terms, and conditions contained therein will become effective for service rendered on and after June 1, 2010, and that if it receives Commission approval, no requests for rehearing or appeals will be filed.

Based on a review of the Stipulation, the attachments thereto, and the entire case record, we find that, except for as noted herein with regard to Atmos's billing for its PRP, the date the PRP will commence, and paragraph 5, the Stipulation is reasonable and in the public interest. It is the product of arm's-length negotiation among knowledgeable, capable parties and should be approved. Such approval is based solely on the reasonableness of the Stipulation in total and does not constitute a precedent on any individual issue or rate-making theory or adjustment. The Commission also finds that Atmos's proposed amortization of the regulatory asset established to defer its costs related to the manufactured gas plant is reasonable and should be approved.

IT IS THEREFORE ORDERED that:

1. The rates and charges proposed by Atmos are denied.
2. The Stipulation attached hereto and incorporated herein as Appendix A, as modified by this Order, is approved.
3. The rates and charges in Appendix B, attached hereto and incorporated herein, are the rates included in the Stipulation and are fair, just and reasonable for Atmos to charge for service rendered on and after June 1, 2010.

4. The three-year amortization of the regulatory asset established to defer Atmos's costs related to the manufactured gas plant is approved and is effective as of the date of this Order.

5. Atmos shall file, within 20 days of the date of this Order, revised tariffs as approved herein reflecting their effective date and that they were approved pursuant to this Order.

APPENDIX A

APPENDIX TO AN ORDER OF THE KENTUCKY PUBLIC SERVICE
COMMISSION IN CASE NO. 2009-00354 DATED **MAY 28 2010**

RECEIVED

COMMONWEALTH OF KENTUCKY

MAR 12 2010

BEFORE THE PUBLIC SERVICE COMMISSION

PUBLIC SERVICE
COMMISSION

IN THE MATTER OF :

RATE ADJUSTMENT OF

) CASE NO. 2009-00354

ATMOS ENERGY CORPORATION

)

STIPULATION AND RECOMMENDATION

It is the intent and purpose of the parties to this proceeding, namely Atmos Energy Corporation. ("Atmos") and the Attorney General of the Commonwealth of Kentucky ("Attorney General"), to express their agreement on a mutually satisfactory resolution of all of the issues in the instant proceeding.

It is understood by all parties that this Stipulation and Recommendation is not binding upon the Public Service Commission ("Commission"), nor does it represent agreement on any specific theory supporting the appropriateness of any recommended adjustments to Atmos' rates. The parties have expended considerable efforts to reach the agreements that form the basis of this Stipulation and Recommendation. The parties agree that this Stipulation and Recommendation viewed in its entirety constitutes a reasonable resolution of all issues in this proceeding and there are no side bar or collateral agreements regarding this settlement not otherwise disclosed.

In addition, the adoption of this Stipulation and Recommendation will eliminate the need for the Commission and the parties to expend significant resources in litigation of this proceeding and

will eliminate the possibility of and any need for rehearing or appeals of the Commission's final order. It is the position of the parties that this Stipulation and Recommendation is supported by sufficient and adequate data and information and is entitled to serious consideration by the Commission. Based upon the parties' participation in settlement conferences and the materials on file with the Commission and upon the belief that these materials adequately support this Stipulation and Recommendation, the parties stipulate and recommend the following:

1. Atmos is authorized to adjust its base rates in order to permit it an opportunity to recover \$5,950,000 more in annual revenue than it is recovering under its current base rates, with such revised rates to be effective for service rendered on and after June 1, 2010 or sooner if an earlier date is approved by the Commission. The Parties agree that the hearing, if any, should be held at the earliest possible date.

2. Atmos will increase its residential General Firm Sales Service (G-1) customer charge to \$12.50.

3. Atmos' proposed tariff changes, including the implementation of a Pipeline Replacement Program ("PRP") and modification of the Gas Cost Adjustment Mechanism ("GCA") to allow recovery of uncollected gas costs through the GCA mechanism are to be adopted and implemented as proposed. Depreciation rates remain unchanged from Case No. 2006-00464.

4. For purposes of the PRP an effective rate of return on equity of 10.5 percent shall be utilized based on the projected actual capital structure and long term debt.

5. Atmos agrees to reimburse the Attorney General in the amount of \$50,000.00

representing his litigation costs associated with this proceeding pursuant to KRS 48.005, which shall be paid from shareholder funds to be used by the Attorney General as allowed by law. This reimbursement is not an acknowledgement by Atmos of any interpretation of that statute or of its applicability to this proceeding or any future proceeding and is not a waiver by Atmos of any right to challenge or litigate the applicability or interpretation of that statute in any future proceedings.

7. Atmos' revised tariff sheets are attached with the agreed changes in Attachment A.

8. Atmos shall amortize its rate case expenses over a three year period, which shall include any unamortized expenses from Case No. 2006-00464.

9. Attached to this Stipulation and Recommendation as Attachment B are proof of revenue sheets showing that the rates set forth in Attachment A will generate the proposed revenue increase to which the parties have agreed in Paragraph one.

10. Each party waives all cross-examination of the witnesses of the other party except in support of the Stipulation and Recommendation, or unless the Commission disapproves this Stipulation and Recommendation and each party further stipulates and recommends that the Notice of Intent, Notice, Application, testimony, pleadings and responses to data requests filed in this proceeding be admitted into the record.

11. This Stipulation and Recommendation is submitted for purposes of this case only and is not deemed binding upon the parties in any other proceeding, nor is it to be offered or relied upon in any other proceeding involving Atmos or any other utility.

12. If the Commission issues an order adopting this Stipulation and Recommendation in its entirety, each of the parties agrees that it shall not file either an application for rehearing with the Commission or an appeal to the Franklin Circuit Court with respect to such order.

13. In the event the Commission should reject or modify all or any portion of this Stipulation and Recommendation, or impose additional conditions or requirements upon the parties, each party shall have the right within twenty (20) days of the Commission's order to either file an application for rehearing or terminate and withdraw from the Stipulation and Recommendation by filing a notice with the Commission. Upon rehearing, any party shall have the right within fifteen (15) days of the Commission's order on rehearing to file a notice of termination or withdrawal from this Stipulation and Recommendation. In such event the terms of this Stipulation and Recommendation shall not be binding upon the parties, nor shall this Stipulation and Recommendation be admitted into evidence, referred to or relied upon in any manner by any party.

14. The parties agree that the Stipulation and Recommendation is reasonable and in the best interests of all concerned and urge the Commission to adopt the Stipulation and Recommendation in its entirety.

AGREED this 12th day of March, 2010.

Pipe Replacement Program Rider	
PRP	
1.	<p><u>Applicable</u> Applicable to all customers receiving service under the Company's Rate Schedules G-1, G-2, T-3 and T-4.</p>
2.	<p><u>Calculation of Pipe Replacement Rider Revenue Requirement</u> The PRP Revenue Requirement includes the following:</p> <ul style="list-style-type: none">a) PRP-related Plant In-Service not included in base gas rates minus the associated PRP-related accumulated depreciation and accumulated deferred income taxes;b) Retirement and removal of plant related PRP construction;c) The rate of return on the net rate base is the overall rate of return on capital authorized in the Company's latest base gas rate case, grossed up for federal and state income taxes;d) Depreciation expense on the PRP related Plant In-Service less retirement and removals;e) Reduction for savings in Operating and Maintenance expenses; and,f) Adjustment for ad valorem taxes.
3.	<p><u>Pipe Replacement Program Factors</u> All customers receiving service under tariff Rate Schedules G-1, G-2, T-3 and T-4 shall be assessed an adjustment to their applicable rate schedule that will enable the Company to complete the pipe replacement program. The allocation to G-1 residential, G-1 non-residential, G-2, T-3 and T-4 will be in proportion to their relative base revenue share approved in Case No. 2009-00354. For G-1 services, the adjustment shall be reflected in full as a monthly adjustment to the tariff customer charge. For G-2, T-3 and T-4 services, the adjustment will be spread to the tariff customer charge and distribution charge in proportion to the relative base revenue share as approved in Case No. 2009-00354.</p> <p>The PRP Rider will be filed annually on or around August 1st of each year. The filing will reflect the anticipated impact on the Company's revenue requirements of net plant additions as offset by operations and maintenance expense reductions during the upcoming fiscal year ending each September as well as a balancing adjustment for the preceding fiscal year. Such adjustment to the Rider will become effective with meter readings on and after the first billing cycle of October.</p>

ATMOS ENERGY CORPORATION

Interruptible Transportation Service	
Rate T-3	
1. <u>Applicable</u>	
Entire service area of the Company to any customer for that portion of the customer's interruptible requirements not included under one of the Company's sales tariffs.	
2. <u>Availability of Service</u>	
a) Available to any customer with an expected demand of at least 9,000 Mcf per year, on an individual service at the same premise, who has purchased its own supply of natural gas and require interruptible transportation service by the Company to customer's facilities subject to suitable service being available from existing facilities.	(T)
b) The Company may decline to initiate service to a customer under this tariff or to allow a customer receiving service under this tariff to elect any other service provided by the Company, if in the Company's sole judgment, the performance of such service would be contrary to good operating practice or would have a detrimental impact on other customers serviced by the Company.	
3. <u>Net Monthly Rate</u>	
In addition to any and all charges assessed by other parties, there will be applied:	
a) Base Charge	- \$300.00 per delivery point (I)
b) Transportation Administration Fee	- 50.00 per customer per month (N)
c) <u>Distribution Charge for Interruptible Service</u>	
First 15,000 Mcf	@ \$0.6300 per Mcf (I)
Over 15,000 Mcf	@ 0.4100 per Mcf (I)
d) Applicable Non-Commodity Components (Sheet No. 6) as calculated in the Company's Gas Cost Adjustment (GCA) filing.	
e) Electronic Flow Measurement ("EFM") facilities charge, if applicable (Sheet No. 68).	
f) Pipe Replacement Program (PRP) Rider, referenced on Sheet No. 43.	(T)
All gas consumed by the customer (Sales and transportation; firm and interruptible) will be considered for the purpose of determining whether the volume requirement of 15,000 Mcf has been achieved.	

ISSUED: October 30, 2009

EFFECTIVE: June 1, 2010

system capacity constraints; to comply with any restriction or curtailment of any governmental agency having jurisdiction over the Company or its supplier or to comply with any restriction or curtailment as may be imposed by the Company's supplier; to protect and insure the operation of the Company's underground storage system; for any causes due to force majeure (which includes acts of God; strikes, lockouts, civil commotion, riots, epidemics, landslides, lightning, earthquakes, fires, storms, floods, etc.); and for any other necessary or expedient reason at the discretion of the Company.

- b) All curtailments or interruptions shall be in accordance with and subject to the Company's "Curtailment Order" as contained in Section 35 of its Rules and Regulations as filed with and approved by the Public Service Commission.
- c) In the event a customer fails in part or in whole to comply with a Company Curtailment Order either as to time or volume of gas used or uses a greater quantity of gas than its allowed volume under terms of the Curtailment Order, the Company may, at its sole discretion, apply a penalty rate of up to \$15.00 per Dth. In addition to other tariff penalty provisions, the customer shall be responsible for any incremental charges assessed by the pipeline(s) or supplier(s) resulting from the customer's failure to match volumes that the customer had delivered to the Company's facilities with volumes the Company delivered into customer's facilities

(T)

8. Special Provisions

It will be the responsibility of the customer to pay all costs for additional facilities and/or equipment which will be required as a result of receiving service under this Interruptible Transportation Service Rate T-3. Electronic flow measurement ("EFM") equipment is required to be installed, maintained, and operated by the Company to obtain transportation service. The customer is responsible for providing the electric and communications support services related to the EFM equipment. Customers required to install EFM may elect the optional monthly EFM facilities charge (Sheet No. 68). NOTE: Customers utilizing this service as of July 1, 2007, whose contractual requirements with the Company are less than 100 Mcf/day, are not required to have EFM equipment; however, such customers may, at their option, elect to install EFM equipment under the same provisions set forth above.

No gas delivered under this rate schedule and applicable contract shall be available for resale to anyone other than an end-user for use as a motor vehicle fuel.

Refer to Sheet No. 67.1 for the option of participating in a Transportation Pooling Service.

<p>10. <u>Late Payment Charge</u></p> <p>A penalty may be assessed if a customer fails to pay a bill for services by the due date shown on the customer's bill. The penalty may be assessed only once on any bill for rendered services. Any payment received shall first be applied to the bill for service rendered. Additional penalty charges shall not be assessed on unpaid penalty charges.</p>
<p>11. <u>Alternative Fuel Responsive Flex Provision</u></p> <p>Notwithstanding any other provision of this tariff, the Company may, periodically, flex the applicable Distribution Charge on a customer specific basis if, a customer presents sufficient reliable and persuasive information to satisfactorily prove to the Company that alternative fuel, usable by the customer's facility, is readily available, in both advantageous price and adequate quantity, to completely or materially displace the gas service that would otherwise be facilitated by this tariff. The customer shall submit the appropriate information by affidavit on a form on file with the Commission and provided by the Company. The Company may require additional information to evaluate the merit of the flex request.</p> <p>Pursuant to this Section, the Company may flex the otherwise applicable transportation rate to allow the delivered cost of gas to approximate the customer's total cost, including handling and storage charges, of available alternative fuel. The minimum flexed rate shall be the non-commodity component of the customer's otherwise applicable rate.</p> <p>The Company will not flex for volumes which, if delivered, would exceed either (1) the current operable alternative fuel fired capability of the customer's facilities, or (2) the energy equivalent of the quantity of alternative fuel available to the customer, whichever is less. The Company reserves the right to confirm, to its satisfaction, the customer's alternative fuel capability and the reasonableness of the represented price and quantity of available alternative fuel.</p>

ATMOS ENERGY CORPORATION

Alternate Receipt Point Service

Rate T-5

The administrative fee is waived if, during the month, the Alternate Receipt Point represents the only point of receipt utilized by the customer.

4. Imbalances

- a) Volumes delivered by the Company under the Alternate Receipt Point service may be subjected to imbalance restrictions additional to those specified in the transportation (Rate T-3 or Rate T-4) tariffs. (T)
- b) Parking allowances for volumes delivered under the Alternate Receipt Point service may be limited or restricted altogether, at the Company's judgment.

5. Terms and Conditions

- a) Volumes under the Alternate Receipt Point service are received for redelivery by the Company on a strictly interruptible basis.
- b) The Company is not responsible for any costs incurred by the customer in its arrangement for gas supply or capacity to the Alternate Receipt Point.
- c) Specific details relating to volume, receipt point(s) and similar matters shall be covered by a separate written contract or amendment with the customer.
- d) Other than provisions referenced herein, or as more specifically set forth in the contract or amendment with the customer, all provisions of the customer's transportation (Rate T-3 or Rate T-4) tariffs shall apply. (T)

Transportation Pooling Service	(T)
Rate T-6	
<p>1. <u>Applicable</u></p> <p>Entire service area of the Company to any customer, subject to limitations noted below, for that portion of the customer's transportation service (Rate T-3 or Rate T-4) requirements.</p>	
<p>2. <u>Terms and Conditions</u></p> <p>a) For the purpose of this section, a Pool Manager is defined as an entity which has been appointed by a customer or group of customers served under this rate schedule to perform the functions and responsibilities of requesting information, nominating supply, and other related duties. The Pool Manager shall have all of the rights under this Transportation Pooling Service and the companion rate schedules (i.e. T-3, T-4) as does a Customer transporting gas supply. (T)</p> <p>b) The Pool Manager will be responsible for arranging for volumes of transportation gas to meet the daily and monthly requirements of customers in the pool. The cash out provisions and/or any daily scheduling provisions of rate schedule T-4 shall be applied against the aggregate volume of all customers in a specific pool. The Pool Manager will be responsible for the payment of any monthly cash out payments, scheduling fees and any penalties incurred by a specific pool.</p> <p>c) The Company, at its sole discretion, shall establish pooling areas by Connecting Pipeline, Pipeline zone, Company receipt point, geographic area, operational area, companion rate schedule (i.e. T-3 and T-4), administrative or other appropriate parameters. (T)</p> <p>d) No customer shall participate in a Pool that does not individually meet the availability conditions of this rate schedule or the applicable T-3 or T-4 tariffs, and no customer shall participate in more than one pool concurrently. Customers must have EFM and must utilize the Company's electronic nomination system to qualify for this pooling service. (T)</p> <p>e) To receive service hereunder, the Pool Manager shall enter into a Pool Management Agreement with Company and shall submit an Agency Authorization Form for each member of the pool, signed by both Customer and its Pool Manager.</p> <p>f) The Pool Manager shall submit a signed Pool Management Agreement and an Agency Authorization Form for each member of the pool at least 30 days prior to the beginning of a billing period when service under this rate schedule shall commence. A customer who terminates service under this rate schedule or who desires to change Pool Managers shall likewise provide Company with a written notice at least 30 days prior to the end of a billing period.</p>

Transportation Pooling Service
Rate T-6
<p>g) The Pool Manager shall upon request of the Company agree to maintain a cash deposit, a surety bond, an irrevocable letter of credit, or such other financial instrument satisfactory to Company in order to assure the Pool Manager's performance of its obligations under the Pool Management Agreement. In determining the level of the deposit, bond, or other surety to be required of the Pool Manager, the Company shall consider such factors, including, but not limited to, the following: the volume of natural gas to be transported on behalf of the Pool members, the general credit worthiness of the Pool Manager, and the Pool Managers prior credit record with the Company, if any. In the event that the Pool Manager defaults on its obligations under this rate schedule or the Pool Management Agreement, the company shall have the right to use such cash deposit, or proceeds from such bond, irrevocable letter of credit, or other financial instrument to satisfy the Pool Manager's obligation hereunder. Specific terms and conditions regarding credit requirements shall be included in the Pool Management Agreement. Such credit requirements shall be administered by the Company in a non-discriminatory manner, and such credit requirements may change as the requirements of the pool change.</p> <p>h) The Pool Manager shall notify the Company in writing of any changes in the composition of the pool at least 30 days prior to the beginning of the first billing period that would apply to the modified pool.</p> <p>i) The Pool Management Agreement will be terminated by the Company upon 30 days written notice if a Pool Manager fails to meet any condition of this rate schedule. The Pool Management Agreement will also be terminated by the Company upon 30 days written notice if the Pool Manager has payments in arrears. Written notice of termination of the Pool Management Agreement shall be provided both to the Pool Manager and to the individual members of the pool by the Company.</p> <p>j) Company shall directly bill the Pool Manager for the monthly cash out charges, penalties, or other payments contained in this rate schedule. The monthly bill will be due and payable on the date it is issued. A charge of five percent (5%) may be added to the amount of any bill remaining unpaid at the close of the first business day after fifteen (15) days following such date of issue.</p> <p>k) Company shall directly bill the individual customers in the pool for all charges as specified in their contract in accordance with the tariff under which their service is provided.</p>

ATMOS ENERGY CORPORATION

Rules and Regulations

- a) After having first obtained a test from the Company, any customer of the Company may request a meter test by the Commission upon written application. Such request shall not be made more frequently on one (1) meter than once each twelve (12) months.

14. Access to Property

The Company shall at all reasonable hours have access to meters, service connections and other property owned by it and located on customer's premises for purposes of installation, maintenance, meter reading, operation, replacement or removal of its property at the time service is to be terminated. Any employee of the Company whose duties require them to enter a customer's premises will wear a distinguishing uniform or other insignia, identifying him as an employee of the Company, or show a badge or other identification which will identify him as an employee of the Company.

15. Service Lines

When Company initiates service to a new Residential or Commercial Customer, Company will install, own, operate and maintain the service line at the premises of Residential and Commercial Customers, if such premises are not connected to a Company main by a service line. With respect to Residential and Commercial Customers that occupy premises already connected to a Company main by a service line, Company shall be responsible for operating and maintaining the service line from the main to the meter. The Company will own the service line from the main to the property line while the Customer will own the service line from the property line to the meter ("customer-owned service line"). When the Company determines that replacement of customer-owned service line is necessary, Company shall be responsible for installing and maintaining the service line from the main to the meter and shall thereafter own the service line from the main to the meter. If it becomes necessary for Company to replace a service line, Company shall use its best efforts to replace the line, during normal working hours and as soon as practical, after Company is made aware of the need for the replacement of the service line.

Rules and Regulations

16. Assignment of Contract

The benefits and obligations of any service application or contract shall begin when the Company commences to supply gas service. It shall insure to and be binding upon the successors and assigns, survivors and executors or administrators, as the case may be, of the original parties thereto, respectively, for the full term thereof. However, no application, agreement or contract for service may be assigned or transferred without the written consent or approval of the Company.

(T)

When the gas supply has been disconnected for non-payment of bills or other violation of the Company's Rules and Regulations the service will not be restored at the same location, or connected at another location, for the same or related occupants under a different contract or name when it is evident the change of name is a subterfuge designed to defraud or penalize the Company.

17. Renewal of Contract

If, upon the expiration of any service contract for a specified term, the customer continues to use the service, the contract (unless otherwise provided therein) will be automatically renewed and extended for successive periods of one year each, subject to termination at the end of any year upon thirty (30) days written notice by either Party.

(T)

18. Turning Off Gas Service and Restoring Same

The gas service may be turned off at the meter when justified by the customer or his agent or any constituted authorities but no person, unless in the employ of the Company or having permission from the Company, shall turn the gas on or restore service.

(T)

19. Special Rules for Customers Serviced from Transmission Mains

In addition to the Standard Rules and Regulations the following special Rules and Regulations shall apply to all customers served directly from a high pressure transmission main which is the property of the Company or one of its suppliers:

(T)

- a) All service connections to a high pressure transmission line shall be subject to the special requirements, consent and approval of the owner of said line. In case the connection is to a line not the property of the Company, proper approval must be obtained from both the owner and the Company.

21 Customer's Equipment and Installation

- a) In addition to the customer-owned service line, if any, the customer shall furnish, install and maintain at his expense the necessary piping downstream from the meter, including but not limited to house piping, connections and appliances. It shall also be the responsibility of the customer to install and maintain same in accordance with the requirements and specification of all local, state and national codes and regulations applicable to his specific usage and occupancy. (T)
- b) All of the piping, connections and appliances shall be suitable for the purposes thereof and shall be maintained by the customer at his expense at all time in a good, safe and serviceable condition.
- c) The Company will inspect the condition of the meter and service connection before making service connections to a new customer so that prior or fraudulent use of the facilities will not be attributed to the new customer. The new customer will be afforded the opportunity to be present at such inspections. The Company will not be required to render service to any customer until any defects in the customer-owned portion of the service facilities have been corrected. (T)
- d) The Company will not assume any responsibility and will not be held liable in any way for the making of any periodic inspection of the customer's piping downstream of the meter including but not limited to house piping, connections and appliances, or for the customer's failure to properly and safely install, operate and maintain same. (T)

22. Company's Equipment and Installation

The Company will furnish, install and maintain at its expense the necessary meter, regulator and connections. The Company's equipment will be located at or near the main, service connection, property line, near or in the building, at the discretion or judgment of the Company. Whenever practical, in the judgement of the Company, the location will be as near the supply main as possible and outside of buildings. A suitable site or location for the meter, regulator and connections shall be provided by the customer at no cost to the Company. The title to this equipment shall remain in the Company, with the right to install, operate, maintain and remove same, and no charge shall be made by the customer for use of the premises as occupied or used.

27. Exclusive Service

Except in cases where the customer has a special contract with the Company for reserve or auxiliary service, no other fuel service shall be used by the customer on the same installation in conjunction with the Company's service connection, either by means of valves or any other connection.

The customer shall not sell the gas purchased from the Company to any other customer, company, or person. The customer shall not deliver gas purchased from the Company to any connection wherein said gas is to be used off of customer's premises or by persons over whom customer has no control.

28. Point of Delivery of Gas

The point of delivery of gas supplied by the Company shall be at the point where the gas passes from the pipes of the Company's service connection into the customer-owned service line, if any, or the outlet of the meter, whichever is nearest the delivery main of the Company.

29. Distribution Main Extensions

- a) The Company will extend an existing distribution main up to one hundred (100) feet for each single customer provided the following criteria is met:
- 1) The existing main is of sufficient capacity to properly supply the additional customer(s);
 - 2) Provided that the customer(s) contracts to use gas on a continuous basis for one (1) year or more; and,
 - 3) Provided the potential consumption and revenue will be of such amount and permanence as to warrant the capital expenditures involved to make the investment economically feasible.

Rules and Regulations

- b) Whenever an extension exceeds one hundred (100) feet per customer, the Company will enter into an agreement with the customer(s) or subscriber(s). The agreement will provide for the extension on a cost per foot basis with the additional amount to be deposited with the Company by the customer(s) or subscriber(s). The agreement will contain provisions for a proportionate and equitable refund in the event other customers are connected to the extension within a ten (10) year period. Refunds shall be made only after the customer(s) has used gas service for a minimum continuous period of one (1) year. The Company reserves the right to determine the length of the extension, to specify the pipe size and location of the extension, and to construct the extension in accordance with its standard practices. Title to all extensions covered by agreements shall be and remain in the Company and in no case shall the amount of any refunds exceed the original deposit. Any further or lateral extension shall be treated as a new and separate extension.
- c) Nothing contained herein shall be construed as to prohibit the Company from making at its expense greater extensions to its distribution mains or the granting of more favorable and/or different terms in addition to those herein prescribed should its judgement so dictate, provided like extensions are made for other customers or subscribers under similar conditions.

30. Service Line Extensions

When the length of a service line is 100 feet or less, and the customer has agreed to use natural gas as its major source of energy, Company will assess no charge for the service line installation. A customer's major source of energy is defined as its primary energy source for heating the premises. If the Customer will not be using natural gas as its major energy source, the Customer may be required to contribute a portion of the cost of the service line in the form of a contribution in aid of construction. This amount will vary depending upon the installed appliances but will not exceed the Company's annual average cost of a service line. When the length of a service line exceed the 100 feet, Company may require Customer to contribute toward the cost of the service line installation an amount equal to the estimated cost per foot for each lineal foot of service line beyond the 100 feet.

31. Municipal Franchise Fees

As to service within any county, city, town, urban county or other taxing district (herein referred to as the "franchise area") with respect to which the Company is required to pay to the county, city, town, urban county or other taxing district franchise fees or other payments made in consideration for the Company's use of public streets, properties and rights-of-way located within the applicable franchise area (herein collectively referred to as "franchise fees") based in any manner on a percentage of the amount of revenues received by the Company from service in such area, such franchise fees shall be recovered from the customers receiving service in that franchise area in accordance with provisions of this Section 31.

The charge to customers for the franchise fees shall be determined by multiplying the applicable franchise fee percentage times the customer's bill as otherwise determined under the Company's applicable tariff rate. The charge shall be added to each customer billing for all applicable classes of service in the franchise area. The amount of this charge shall be listed as a separate item on each customer's bill, shall show the amount of the charge and shall designate the unit of government to which the payment is due.

32. Continuous or Uniform Service

The Company will endeavor to supply gas continuously and without interruption, however, the Company shall not be responsible in damages or otherwise for any failure to supply gas or for any interruptions of the supply when such a failure is without willful fault or neglect on its part.

The Company cannot and does not guarantee either a sufficient or an adequate supply, or uniform pressure of the gas supplied. The Company shall not be liable for any damage or loss resulting from inadequate or interrupted supply or from any pressure variations when such conditions are not due to willful fault or neglect on its part.

Rules and Regulations

33. Measurement Base

(T)

The rates of the Company are based upon gas delivered to the customer on a basis of four (4) ounces per square inch above an assumed atmospheric pressure of fourteen and four tenths (14.4) pounds per square inch, or fourteen and sixty-five hundredths (14.65) pounds per square inch absolute pressure, at an assumed temperature of sixty (60) degrees Fahrenheit. However, the Company reserves the right to correct as necessary the actual temperature to sixty (60) degrees Fahrenheit basis. All gas measured at pressures higher than the standard pressure for low pressure distribution systems shall be corrected to a pressure base of fourteen and sixty-five hundredths (14.65) pounds per square inch absolute.

34. Character of Service

(T)

The Company will normally supply natural gas having a heating value of approximately one thousand (1,000) Btu per cubic foot and specific gravity of approximately six tenths (0.6). However, when it is necessary to supplement the supply of natural gas the Company reserves the right, at its discretion, to supply an interchangeable mixture of vaporized liquefied petroleum gas and air, or a combination of same with natural gas.

35. Curtailement Order

(T)

In cases of impairment of gas supply or distribution system capacity, or partial or total interruptions and when it appears that the Company is, or will be, unable to supply the requirements of all of its customers in any system or segment thereof, the Company shall curtail gas service to its customers in the manner set forth below.

a) **Definitions:**

Residential – Service to customers for residential purposes including housing complexes and apartments.

Commercial – Service to customers engaged primarily in the sale of goods or services including institutions and local and federal agencies for uses other than those involving manufacturing.

Industrial – Service to customers engaged primarily in a process which creates or changes raw or unfinished materials into another form or product, including the generation of electric power for sale.

b) **Priorities of Curtailment:**

Sales Service

The Company may curtail or discontinue sales service in whole or in part on a daily, monthly or seasonal basis in any purchase zone in accordance with the following priorities, starting with Priority 8 and proceeding in descending numerical order.

High Priority

Priority 1. Residential and services essential to the public health where no alternate fuel exists (Rate G-1)

Priority 2. Small commercials less than 50 Mcf per day (Rate G-1).

Priority 3. Large commercials over 50 Mcf per day not included under lower priorities (Rates G-1)

Priority 4. Industrials served under Rate G-1.

Low Priority

Priority 5. Customers served under Rates G-2 other than boilers included in Priority 6.

Priority 6. Boiler loads shall be curtailed in the following order (Rates G-2).

A – Boilers over 3,000 Mcf per day.

B – Boilers between 1,500 Mcf and 3,000 Mcf per day.

C – Boilers between 300 Mcf and 1,500 Mcf per day.

Priority 7. Imbalance sales service under Rate T-3 and Rate T-4.

Priority 8. Flex sales transactions.

Rules and Regulations

The Company and a customer may agree, by contract, to a lower curtailment priority than would otherwise apply under the foregoing curtailment sequence.

If the gas supply is inadequate to fulfill only the partial requirements of a priority category then curtailment to customers in that category will be administered on a continuing basis.

Transportation Service

Transportation services will be curtailed under the following conditions:

- 1 – Due to capacity constraints on the Company's system.
- 2 – Due to capacity constraints on the transporter's system.
- 3 – During temporary gas supply emergency on the Company's system.
- 4 – When the Company is unable to confirm that the customer's gas supply is actually being delivered to the system.

Rules and Regulations

a) **Penalty for Unauthorized Overruns**

In the event a customer fails in part or in whole to comply with a Company Curtailment Order either as to time or volume of gas used or uses a greater quantity of gas than its allowed volume under terms of the Curtailment Order, the Company may, at its sole discretion, apply a penalty rate of up to \$15.00 per Mcf.

In addition to other tariff penalty provisions, the customer shall be responsible for any penalty(s) assessed by the interstate pipeline(s) or suppliers resulting from the customer's failure to comply with terms of a Company Curtailment Order.

The payment of penalty charges shall not be considered as giving any customer the right to take unauthorized volumes of gas, nor shall such penalty charges be considered as a substitute for any other remedy available to the Company.

b) **Discontinuance of Service**

The Company shall have the right, after reasonable notice to discontinue the gas supply of any customer that fails to comply with a valid curtailment order.

Rules and Regulations

36. General Rules

No agent, representative or employee of the Company has the authority to make any promise, agreement or representative, not incorporated in or provided for by the Rules and Regulations of the Public Service Commission of Kentucky or of this Company. Neither, has any agent, representative or employee of the Company any right or power to amend, modify, alter or waive any of the said Rules and Regulations, except as herein provided.

The Company reserves the right to amend or modify its Rules and the Regulations or to adopt such additional Rules and Regulations as the Company deems necessary in the proper conduct of its business, subject to the approval of the Public Service Commission of Kentucky.

These Rules and Regulations or Terms and Conditions of Service replace and supersede all previous Rules and Regulations or Terms and Conditions under which the Company has previously supplied gas service.

Interruptible Sales Service	
Rate G-2	
1. <u>Applicable</u>	
	Entire Service Area of the Company. (See list of towns – Sheet No. 3)
2. <u>Availability of Service</u>	
a)	Available on an individually metered service basis to commercial and industrial customers with an expected demand of at least 9,000 Mcf per year for any use as approved by the Company on a strictly interruptible basis, subject to suitable service being available from the existing transmission and/or distribution facilities and when an adequate supply of gas is available to the Company under its purchase contracts with its pipeline supplier. (T)
b)	The supply of gas provided for herein shall be sold primarily on an interruptible basis, however, in certain cases and under certain conditions the contract may include High Priority service to be billed under “General Sales Service Rate G-1” limited to use and volume which, in the Company’s judgment, requires and justifies such combination service.
c)	The contract for service under this rate schedule shall include interruptible service or a combination of High Priority service and Interruptible service, however, the Company reserves the right to limit the volume of High Priority service available to any one customer.
3. <u>Delivery Volumes</u>	
a)	The volume of gas to be sold and purchases under this rate schedule shall be set forth in a written contract, specifying a maximum daily interruptible sales service volume and shall be subject to revision in accordance with the Company’s approved curtailment plan.

Interruptible Sales Service	
Rate G-2	
b) <u>High Priority Service</u>	The volume for High Priority service shall be established on a High Priority Daily Contract Demand basis which shall be the maximum quantity the Company is obligated to deliver and which the customer may receive in any one day, subject to other provisions of this rate schedule and the related contract.
c) <u>Interruptible Service</u>	The volume for Interruptible service shall be established on an Interruptible Daily Contract Demand basis which shall be the maximum quantity the Company is obligated to deliver and which the customer may receive subject to other provisions of this rate schedule and the related contract.
d) <u>Revision of Delivery Volumes</u>	The Daily Contract Demand for High Priority service and the Daily Contract Demand for Interruptible service shall be subject to revision as necessary so as to coincide with the customer's normal operating conditions and actual load with consideration given to any anticipated changes in customer's utilization, subject to the Company's contractual obligations with other customers or its suppliers, and subject to system capacity and availability of the gas if an increased volume is involved.
4. <u>Net Monthly Rate</u>	
a)	Base Charge: \$300.00 per delivery point per month Minimum Charge: The Base Charge plus any Transportation Fee, EFM facilities charge and any Pipe Replacement Rider referenced on Sheet No. 43.
b)	Distribution Charge: <u>High Priority Service</u> The volume of gas used each day up to, but not exceeding the effective High Priority Daily Contract Demand shall be totaled for the month and billed at the "General Firm Sales Service Rate G-1".

Weather Normalization Adjustment Rider	
WNA	
1. <u>Applicable</u>	
Applicable to Rate G-1 Sales Service, excluding industrial class only.	
The distribution charge per Mcf for gas service as set forth in G-1 Sales Service shall be adjusted by an amount hereinunder described as the Weather Normalization Adjustment (WNA). The WNA shall be applicable to Rate G-1 Sales Service, excluding Industrial Sales Service.	
The WNA shall apply to all residential, commercial and public authority bills based on meters read during the months of November through April. The WNA shall increase or decrease accordingly by month. The WNA will not be billed to reflect meters read during the months of May through October. Customer base loads and heating sensitivity factors will be determined by class and computed annually. (T)	
2. <u>Computation of Weather Normalization Adjustment</u>	
The WNA shall be computed using the following formula:	
$WNA_i = R_i \frac{(HSF_i (NDD - ADD))}{(BL_i + (HSF_i \times ADD))}$	
Where:	
i	= any rate schedule or billing classification within a rate schedule that contains more than one billing classification
WNA _i	= Weather Normalization Adjustment Factor for the ith rate schedule or classification expressed as a rate per Mcf
R _i	= weighted average rate (distribution charge) of temperature sensitive sales for the ith schedule or classification
HSF _i	= heat sensitive factor for the ith schedule or classification
NDD	= normal billing cycle heating degree days (based upon NOAA 30-year normal for the period of 1971-2000)
ADD	= actual billing cycle heating degree days
BL _i	= base load for the ith schedule or classification

Gas Cost Adjustment	
Rider GCA	
EGC is composed of the following:	
1)	Expected commodity costs of all current purchases at reasonably expected prices, including all related variable delivery costs and FERC authorized charges billed to the Company on a commodity basis.
2)	Expected non-commodity costs including pipeline demand charges, gas supplier reservation charges, and FERC authorized charges billed to the Company on a non-commodity basis.
3)	The cost of other gas sources for system supply (no-notice supply, Company storage, withdrawals, etc.).
Less:	
4)	The cost of gas purchases expected to be injected into underground storage.
5)	Projected recovery of non-commodity costs and Lost and Unaccounted for costs from transportation transactions.
6)	The cost of Company-use volume
CF - is the Correction Factor per Mcf which compensates for the difference between the expected gas cost and the actual gas cost for prior periods plus any gas cost which is uncollectible. (T)	
CF shall be calculated as:	
CF = (a/b) + (c/b), where (T)	
a = difference between the expected gas cost and the actual gas cost for prior periods	
b = total expected annual customer sales volumes	
c = net uncollectible gas cost (i.e. uncollectible gas cost less subsequently collected gas cost)	
The Company shall file an updated Correction Factor (CF) in its January, April, July, and October GCA filings, to become effective in February, May, August, and November respectively. The net uncollectible gas costs (c) will be reported on an annual basis and included in the February quarterly GCA filing. (T)

Research & Development Rider	(T)
R & D Unit Charge	
Applicable: This rider applies to the distribution charge applicable to all gas transported by the Company other than Rate T-3 and T-4 Transportation Service.	(T)
R&D Unit Charge: The intent of the Research & Development Unit Charge is to maintain the Company's level of contribution per Mcf as of December 31, 1998.	(T)
 R&D Unit Charge @ \$0.0035 per 1,000 cubic feet	(T)
Waiver Provision: The R&D Unit Charge may be reduced or waived for one or more classifications of service or rate schedules at any time by the Company by filing notice with the Commission. Any such waiver shall not increase the R&D Unit Charge to the remaining classifications of service or rate schedules without Commission approval.	
Remittance of Funds: All funds collected under this rider will be remitted to Gas Technology Institute, or similar research or commercialization organization. The amounts so remitted shall be reported to the Commission annually.	(T)
Reports to the Commission: A statement setting forth the manner in which the funds remitted have been invested in research and development will be filed with the Commission annually.	
Termination of this Rider: Participation in the R&D funding program is voluntary on the part of the Company. This rider may be terminated at any time by the Company by filing a notice of rescission with the Commission.

APPENDIX B

APPENDIX TO AN ORDER OF THE KENTUCKY PUBLIC SERVICE
COMMISSION IN CASE NO. 2009-00354 DATED **MAY 28 2010**

The following rates and charges are prescribed for the customers served by Atmos Energy Corporation. All other rates and charges not specifically mentioned herein shall remain the same as those in effect under authority of this Commission prior to the effective date of this Order.

RATE G-1
GENERAL FIRM SALES SERVICE

Base Charge

\$12.50 per meter per month for residential service
\$30.00 per meter per month for non-residential service

Distribution Charge

First	300 Mcf	\$ 1.1000 per Mcf
Next	14,700 Mcf	\$.7700 per Mcf
Over	15,000 Mcf	\$.5000 per Mcf

RATE G-2
INTERRUPTIBLE SALES SERVICE

Base Charge

\$300.00 per delivery point per month

Distribution Charge

First	15,000 Mcf	\$.6300 per Mcf
Over	15,000 Mcf	\$.4100 per Mcf

RATE T-3
INTERRUPTIBLE TRANSPORTATION SERVICE

Base Charge

\$300.00 per delivery point per month

Distribution Charge for Interruptible Service

First	15,000 Mcf	\$.6300 per Mcf
Over	15,000 Mcf	\$.4100 per Mcf

RATE T-4
FIRM TRANSPORTATION SERVICE

Base Charge

\$300.00 per delivery point per month

Distribution Charge for Firm Service

First	300 Mcf	\$ 1.1000 per Mcf
Next	14,700 Mcf	\$.7700 per Mcf
Over	15,000 Mcf	\$.5000 per Mcf
