

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

PURCHASED GAS ADJUSTMENT) CASE NO. 2010-00086
FILING OF MARTIN GAS, INC.)

ORDER

On September 30, 1991, in Case No. 1990-00402, the Commission approved certain adjusted rates for Martin Gas, Inc. ("Martin").¹ In November 2004, Martin proposed, and the Commission approved, changes to its tariff that included, among other items, changes to its Gas Cost Adjustment ("GCA") clause. Those changes updated the methodology of calculating the components of the GCA.

On February 25, 2010, Martin filed a GCA for rates to be effective April 1, 2010. After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. Martin's notice includes revised rates designed to pass on to its customers its expected change in wholesale gas costs.
2. Martin's notice sets out an Expected Gas Cost ("EGC") of \$5.0000 per Mcf, which represents no change from its prior EGC.
3. Martin's notice sets out no Refund Adjustment ("RA") for the current quarter and no total RA, which is no change from the prior total RA.

¹ Case No. 1990-00402, Application of Martin Gas, Inc. for Authority to Adjust Rates and to Extend Current Surcharge (Ky. PSC Sept. 30, 1991).

4. Martin's notice sets out a current quarter Actual Adjustment ("AA") of \$.0001 per Mcf. Martin miscalculated its current AA by dividing its Total Cost Difference of \$19.57 from Schedule IV by its Total Expected Gas Cost of \$205,458.37 instead of dividing by 12 months sales volume of 39,644 Mcf. Correcting this error produces a current AA of \$.0005 per Mcf. Martin also miscalculated its total AA by failing to include the Second Previous Quarter Reported AA of \$.0532 per Mcf in its calculation and using \$.0110 instead. Correcting for this produces a total AA of \$.0680 per Mcf, representing an increase of \$.0041 per Mcf from the previous quarter total AA of \$.0639 per Mcf.

5. Martin's notice sets out no Balance Adjustment.

6. Martin's GCA is \$5.0680 per Mcf, which is an increase of \$.0041 per Mcf from its previous rate of \$5.0639 per Mcf.

7. The rates in the Appendix to this Order are fair, just, and reasonable, and should be approved for billing for service rendered by Martin on and after April 1, 2010.

IT IS THEREFORE ORDERED that:

1. Martin's proposed rates are denied.

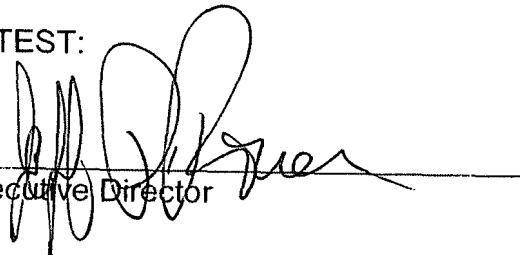

2. The rates in the Appendix attached hereto and incorporated herein are approved for billing for service rendered on and after April 1, 2010.

3. Within 20 days of the date of this Order, Martin shall file its revised tariff sheets with the Commission, setting out the rates authorized herein and reflecting that they were approved pursuant to this Order.
