

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF SOUTH KENTUCKY RURAL	)	
ELECTRIC COOPERATIVE CORPORATION FOR	)	
DEVIATION FROM ITS TESTING OF METERS	)	CASE NO.
OCCASIONED BY IMPLEMENTATION OF ITS	)	2010-00291
ADVANCED METERING INFRASTRUCTURE	)	
SYSTEM	)	

FOURTH INFORMATION REQUEST OF COMMISSION STAFF TO  
SOUTH KENTUCKY RURAL ELECTRIC  
COOPERATIVE CORPORATION

South Kentucky Rural Electric Cooperative Corporation ("South Kentucky") pursuant to 807 KAR 5:001 is to file with the Commission the original and six copies of the following information, with a copy to all parties of record. The information requested herein is due no later than January 14, 2010. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

South Kentucky shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or though correct when made, is now incorrect in any material respect. For any request to which South Kentucky fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request.

Refer to South Kentucky's response to Commission Staff's First Information Request, Item 5, page 2 of 26 and labeled, "10 Year Summary of Sample Meter Testing Program" ("10-year sample testing summary"), a copy of which is attached hereto. Refer also to the Quarterly Meter Report forms, dated April 26, 2007 through February 10, 2010, filed with the Commission by South Kentucky in compliance with 807 KAR 5:006, Section 3(2) copies of which are attached hereto.

1. Explain in detail how the meter testing data in the 10-year sample testing summary for years 2007, 2008, and 2009 is reflected in the Quarterly Meter Report forms dated April 26, 2007 through February 10, 2010.

2. Explain why the data in the column listed as "Other" is listed as "N/A" for all of the attached Quarterly Meter Report forms.

3. From data contained in the Quarterly Meter Report forms, it appears that, in 2007 South Kentucky found 37 meters on its system that were more than 2% in error slow, for which it had to back-bill those customers \$4,251.40. In 2007 South Kentucky found 13 meters on its system that were more than 2% in error fast, for which it had to issue refunds totaling \$1,273.00.

In 2008 South Kentucky found 64 meters on its system that were more than 2% in error slow, for which it had to back-bill those customers \$12,007.91. In 2008 South Kentucky found 19 meters on its system that were more than 2% in error fast, for which it had to issue refunds totaling \$783.64.00.

In 2009 South Kentucky found 103 meters on its system that were more than 2% in error slow, for which it had to back-bill those customers \$6,413.33. In 2009 South Kentucky found 35 meters on its system that were more than 2% in error fast, for which it had to issue refunds totaling \$3,500.44.

a. Based on the data contained in South Kentucky's Quarterly Meter Reports, which shows that, on a year-to-year basis, South Kentucky discovers many more inaccurate meters on its system than its 10-year sampling summary indicates, does South Kentucky maintain that it is reasonable not to test meters that are removed from service on its system?

b. If South Kentucky believes that it is reasonable not to test meters that are removed from service on its system, in light of the information contained in its 2007-2009 Quarterly Meter Reports, explain South Kentucky's response in detail.

---

Jeff DeRouen  
Executive Director  
Public Service Commission

COMMISSION

Jeff Moore  
Kentucky Public Service Commission  
PO box 615  
Frankfort, Kentucky 40602-0615

Mr. Moore:

Enclosed is the 4<sup>th</sup> quarter report for the meters tested for South Kentucky RECC.

As you will see, we have meters that are over the 25 year testing period, this is due in part to South Kentucky RECC taking over the meters that were owned by the former Monticello Electric Plant Board, of which we are in the process of removing. Also, we have had meters inactive in the field for quite some time, then become active and exceed the 25 year testing period.

If you should have any questions, please feel free to contact our office.

Sincerely,

A handwritten signature in black ink that reads 'Sharon B Keith'. The signature is written in a cursive style with a large initial 'S'.

Mr. Moore:

Enclosed is the 1<sup>st</sup> quarter report for the meters tested for South Kentucky RECC.

South Kentucky RECC had 3,715 meters tested this quarter (1,268 were former Monticello Electric Plant Board meters, of these 298 meters had not been tested for more than 25 years).

We are in the process of pulling and testing all of the former Monticello Electric Plant Board meters.

If you should have any questions, please feel free to contact our office.

Sincerely,
