

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

REVISED GAS LINE TRACKER FILING OF) CASE NO.
LOUISVILLE GAS AND ELECTRIC COMPANY) 2014-00070

COMMISSION STAFF'S FIRST REQUEST FOR INFORMATION
TO LOUISVILLE GAS AND ELECTRIC COMPANY

Louisville Gas and Electric Company ("LG&E"), pursuant to 807 KAR 5:001, is to file with the Commission the original and eight copies of the following information, with a copy to all parties of record. The information requested herein is due no later than ten days from the date of this Order. Responses to requests for information shall be appropriately bound, tabbed, and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

LG&E shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which LG&E fails or refuses to furnish all or part of the requested information, LG&E shall

provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations.

1. Refer to the cover letter to the Gas Line Tracker ("GLT") filing where it states, "The rate base modification and lower O&M expense primarily contributed to the significant GLT over recovery." Provide separately the amounts of over-recovery attributable to the rate base modification and to the lower actual O&M expense.

2. Refer to page 3 of the Gas Line Tracker Supporting Documents. Provide a detailed calculation showing the difference in the revenue requirement calculated using an end-of-year balance rate base, versus using the 13-month average rate base.

3. Describe any other factors that contributed to the GLT over-recovery.
