Dear Mary Domlgan,

In a few days you will receive a water bill. The bill is for service at 3320 Wood Valley Court Unit A. This bill covers the period of January 23, 2013 to January 23, 2014. This is a make-up bill for 65,824 gallons in the amount of \$411.09.

We recently discovered that your water meter had stopped recording usage for a period of time. This bill reflects charges for water used that had not been recorded due to the malfunction. To determine the billing amount, the company has taken an average from the new meter usage from January 24, 2014 to March 31, 2014 determine your daily usage. Your daily average usage is 180.34 gallons per day. The company then multiplied your daily usage by the number of days in each billing period. This determined the total usage for each period. We then subtracted what you were previously billed, from what you should have been billed to determine the additional usage for each period.

This bill is due by April 21, 2014. If you cannot pay the bill by this date, Kentucky American Water will enter into a payment agreement with you, which will spread your payment over the next 12 months. As long as you pay by the date of the agreement, we will take no action to collect this amount.

If you wish to make payment arrangements, or dispute this bill, please call customer service at 1-800-678-6301, 24 hours a day, 7 days a week.

Sincerely,

American Water Customer Service
