On July 31, 2014, Kentucky-American Water Company (“KAWC”) tendered an application seeking authority for a Certificate of Public Convenience and Necessity to construct a filter building, eight filters, a chlorine contact basin, and a backwash tank at KAWC’s Richmond Road Station to replace the existing filter building. The application was accepted for filing by the Commission in its August 25, 2014 Order granting KAWC’s motion for a deviation.

Having reviewed the application, the Commission finds that an investigation will be necessary to determine the reasonableness of the proposed construction.

Responses to requests for information shall be appropriately bound, tabbed and indexed and shall include the name of the witness responsible for responding to questions related to the information provided, with an electronic copy to all parties of record and an original and electronic copy to the Commission.

d. For any request to which a party fails or refuses to furnish all or part of the requested information, that party shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

3. A person who submits a motion to intervene after October 7, 2014, and, upon a showing of good cause, is granted leave to intervene shall accept and abide by the existing procedural schedule.
