BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

TARIFF FILING OF MORGAN COUNTY        )  
WATER DISTRICT TO REVISE ITS METER    ) CASE NO.  
CONNECTION CHARGES                     ) 2014-00373

ORDER

On September 23, 2014, Morgan County Water District (“Morgan County”) submitted an application for authority to revise its meter connection charges through the Commission’s tariff filing system. Finding further proceedings were necessary to determine the reasonableness of the proposed increase, the Commission issued an Order on October 28, 2014, suspending the proposed charge from November 1, 2014, up to and including March 31, 2015. On December 15, 2014, Commission Staff issued its first request for information, with responses due by December 30, 2014. On December 29, 2014, Morgan County filed responses to Commission Staff’s request for information. Morgan County has provided adequate evidence of the individual expenses incurred to provide the services associated with the proposed charges.

The Commission, having reviewed the record and being sufficiently advised, finds that:

1. The proposed meter connection charges are supported by the expenses incurred to provide the associated services.

2. The charges set forth in the Appendix to this Order are fair, just, and reasonable and should be approved.

IT IS THEREFORE ORDERED that:

1. Morgan County's proposed meter connection charges are approved.
2. The charges in the Appendix to this Order are approved for services rendered on and after the date of this Order.
3. Within 20 days of the date of this Order, Morgan County shall file with the Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets showing the rates approved herein.
