COMMISSION STAFF'S SECOND REQUEST FOR INFORMATION
TO KENERGY CORPORATION

Kenergy Corp. ("Kenergy"), pursuant to 807 KAR 5:001, is to file with the Commission the original and ten copies of the following information, with a copy to all parties of record. The information requested herein is due no later than January 26, 2015. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Kenergy shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which

Kenergy fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Kenergy shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Provide detailed operational specifications and warranty information on the individual metering devices to be deployed as part of this project. Include the following information for each Model/Class/Form/Voltage device:

a. Accuracy specifications for the device under environmental and load conditions.

b. Warranty period and specific defect conditions that would result in repair/replacement of device.

c. Manufacturer's documentation of testing and quality-assurance procedures utilized to ensure devices are and remain in compliance with operational specifications throughout the warranty period.

2. a. Provide the estimated undepreciated balance of the metering equipment to be retired.

b. Explain how those remaining balances are to be handled.

3. Refer to Kenergy's response to Item 4.f. of Commission Staff's Initial Request for Information. Response 4.f. states that "[m]anufacturer literature states that the meter and module selected have a 20 year life design."

a. Justify Kenergy's proposal to depreciate the equipment over a 15-year period.

b. Provide the anticipated depreciation rate.
