In the Matter of:

APPLICATION OF NOLIN RURAL ELECTRIC)
COOPERATIVE CORPORATION FOR AN ORDER)
PURSUANT TO KRS 807 5:001 AND KRS 278.020) CASE NO.
REQUESTING THE GRANTING OF A) 2014-00436
CERTIFICATE OF PUBLIC CONVENIENCE AND)
NECESSITY TO INSTALL AN AMI SYSTEM)

ORDER

On February 20, 2015, Nolin Rural Electric Cooperative Corporation ("Nolin") filed a letter which: 1) enclosed for filing revised pages 1 and 4 of Application Exhibit 5; 2) requests direction as to the format to be used for filing the revised Application Exhibit 5 spreadsheet; and 3) points out an apparent error in the Commission's February 13, 2015 Order in ordering paragraph 2 on page 8. With respect to the February 13, 2015 Order, Nolin states that page 2 correctly refers to Nolin's request for relief from the requirement to "conduct periodic testing of single-phase meters for the duration of the project," and on page 6 the Commission's fourth finding of fact refers to "relief from periodic testing," but ordering paragraph 2 incorrectly grants relief from "sample testing," rather than from "periodic testing."

The Commission, having considered Nolin's letter and being otherwise sufficiently advised, HEREBY ORDERS that:

1. Nolin's revised pages 1 and 4 of Application Exhibit 5 are accepted for filing and shall be included in the record of this case.

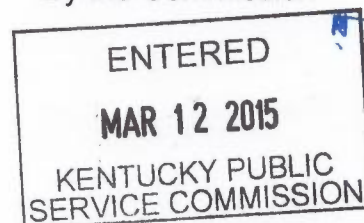

2. Nolin shall file the revised Application Exhibit 5 spreadsheet on a compact disk, and the revised Application Exhibit 5 shall be filed in the record of this case.

3. Ordering paragraph 2 on page 8 of the Commission's February 13, 2015 Order is amended, *nunc pro tunc*, to read:

Nolin's request for relief from periodic testing of single-phase meters pursuant to 807 KAR 5:041, Section 16, is granted.

4. All other provisions of the Commission's February 13, 2012 Order not in conflict with this Order shall remain in full force and effect.

By the Commission
