COMMISSION STAFF'S SECOND REQUEST FOR INFORMATION TO
ATMOS ENERGY CORPORATION

Atmos Energy Corporation ("Atmos"), pursuant to 807 KAR 5:001, is to file with the Commission the original and ten copies of the following information, with a copy to all parties of record. The information requested herein is due within 14 days of the date of this request. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Atmos shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Atmos fails or refuses to furnish all or part of the requested information, Atmos shall

provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Atmos shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Atmos's response to Commission Staff's First Request for Information ("Staff's First Request"), Item 1.
 - a. Explain why the estimated annual volumes for Customer A are different from what is shown on the Analysis of Contribution to Fixed Cost for this customer, which was provided in Atmos's December 16, 2015 special contract filing.
 - b. Confirm that the second-tier rate for Customer B is the same as the current rate for that customer. Explain why second-tier revenues for Customer B are shown as new revenue, since second-tier volumes should be priced at the existing rate, and confirm that the only revenue change for Customer B should be the amount shown for first-tier revenues.
 - c. Confirm that the second-tier rate for Customer C is the same as the current rate for that customer. Explain why second-tier revenues for Customer C are

shown as new revenue, since second-tier volumes should be priced at the existing rate, and confirm that the only revenue change for Customer C should be the amount shown for first-tier revenues.
