

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC EXAMINATION OF THE)	
APPLICATION OF THE FUEL ADJUSTMENT)	CASE NO.
CLAUSE OF KENTUCKY UTILITIES COMPANY)	2018-00020
FROM MAY 1, 2017 THROUGH OCTOBER 31,)	
2017)	

ORDER

On May 18, 2018, the Commission entered an Order approving the Fuel Adjustment Clause (“FAC”) for Kentucky Utilities Company (“KU”) for the six-month period that ended on October 31, 2017. On May 25, 2018, KU filed a motion requesting clarification of the May 18, 2018 Order. As grounds for its motion, KU states that in the testimony of Derek A. Rahn filed on March 2, 2018, KU requested approval of a proposed change in its Form A filing it makes monthly with the Commission. KU states that the proposed change will properly account for sales associated with buy-through power requested by Curtailable Service Rider (“CSR”) customers and will more accurately reflect that the CSR buy-through credit is a reduction to total recoverable fuel costs for the expense month, regardless of whether KU generated the power provided during the curtailment or purchased the power.

The Commission notes that KU’s request was made in filed testimony and not in the form of a motion. The Commission further notes that the Commission does not need to formally approve, in every instance, changes in a utility’s monthly FAC form that it files with the Commission. To the extent, however, that KU wishes express approval of the

proposed changes to its Form A monthly FAC filing, the Commission will grant such approval.

IT IS THEREFORE ORDERED that:

1. KU's motion for clarification is granted.
2. The proposed changes to KU's Form A monthly FAC filing are approved.
3. This case is closed and removed from the Commission's docket.
