ORDER

On April 3, 2018, the Commission entered an order conditionally approving and accrediting the water training program sponsored by Kentucky Water and Wastewater Operators Association (KWWOA) and required KWWOA to file a number of documents in order to obtain final approval of the training program, including a list of water district commissioners who attended the program and the number of hours each attended. On July 19, 2018, KWWOA filed notice with the Commission that no water district commissioners sought credit for attending the program, which was organized primarily to provide training for water and wastewater operators. Thus, KWWOA informed the Commission that it would be withdrawing its application for approval and accreditation.

IT IS THEREFORE ORDERED that KWWOA's request for approval and accreditation for its training program scheduled to take place between April 9, 2018, and April 11, 2018, is denied as moot based on KWWOA's withdrawal of its application.
