

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF KENTUCKY)	
POWER COMPANY FOR A CERTIFICATE OF)	
PUBLIC CONVENIENCE AND NECESSITY TO)	CASE NO.
CONSTRUCT A 138 KV TRANSMISSION LINE)	2018-00209
AND ASSOCIATED FACILITIES IN PIKE AND)	
FLOYD COUNTIES, KENTUCKY)	

ORDER

On August 10, 2018, Kentucky Power Company (Kentucky Power) filed an application requesting a Certificate of Public Convenience and Necessity (CPCN) to construct a 138 kilovolt (kV) transmission line in Pike and Floyd counties, Kentucky. The proposed transmission line project is intended to serve a number of large energy industrial customers that will be located in the Kentucky Enterprise Industrial Park, and to supplement the reliability and capacity of the existing distribution network. The proposed transmission line project includes a new 138 kV substation to be located adjacent to the Kentucky Enterprise Industrial Park, a new 138 kV transmission line that will connect the existing Sprigg–Beaver Creek Line to the proposed substation, and an upgrade to the existing Cedar Creek Substation.

KRS 278.020(9) requires the Commission to “issue its decision no later than ninety (90) days after the application is filed, unless the commission extends this period, for good cause, to one hundred twenty (120) days.” Due to the nature of the case and the issues involved, the Commission finds that good cause exists in this matter to

warrant such an extension. The Commission further finds that a procedural schedule should be established for the orderly processing of this matter.

IT IS THEREFORE ORDERED that:

1. The period during which the Commission must enter a decision as set forth in KRS 278.020(9) is enlarged by 30 days, from November 8, 2018, to December 8, 2018.

2. All parties shall adhere to the procedural schedule set forth in the Appendix to this Order.

3. a. Responses to requests for information shall be appropriately bound, tabbed, and indexed and shall include the name of the witness responsible for responding to questions related to the information provided, with copies to all parties of record, and the original to the Commission.

b. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

c. Any party shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is not incorrect in any material respect.

d. For any request to which a party fails or refuses to furnish all or part of the requested information that party shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

e. Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request.

f. A party filing a paper containing personal information shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

4. As set forth in 807 KAR 5:001, Section 4(11)(a), a person requesting permissive intervention in a Commission proceeding is required to demonstrate either (1) a special interest in the proceeding which is not adequately represented in the case, or (2) that the person requesting permissive intervention is likely to present issues or develop facts that will assist the Commission in fully considering the matter without unduly complicating or disrupting the proceedings. Further, KRS 278.040(2) requires that a person seeking intervention have an interest in the rates or service of a utility, as those are the only matters that are subject to the Commission's jurisdiction. Therefore, any person requesting to intervene in a Commission proceeding must state with specificity the person's special interest that is not otherwise adequately represented, or the issues and facts that the person will present that will assist the Commission in fully considering the matter. A mere recitation of the quantity of utility service consumed by the movant or a general statement regarding a potential impact of possible modification

of rates will not be deemed sufficient to establish a special interest. In addition, any motion to intervene filed after September 12, 2018, shall also show good cause for being untimely. If the untimely motion is granted, the movant shall accept and abide by the existing procedural schedule.

5. The Commission does not look favorably upon motions for continuance. Accordingly, motions for extensions of time with respect to the schedule herein shall be made in writing and will be granted only upon a showing of good cause.

6. Nothing contained herein shall prevent the Commission from entering further Orders in this matter.
