The information requested herein is due on or before September 13, 2019. Responses to requests for information in paper medium shall be appropriately bound, tabbed, and indexed.

Each response shall include the name of the witness responsible for responding to the questions related to the information provided. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

For any request to which Big Sandy District fails or refuses to furnish all or part of the requested information, Big Sandy District shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Big Sandy District shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Big Sandy District's response to Commission Staff's Second Request for Information, Item 4, which states that the rates and current revenues from Division 2, the former Overland Development area users, are included in Table IX of the billing analysis. Explain in detail how the revenue from this area is included in the billing analysis for Division 1 customers if the rate design and rates are different. Include supporting calculations.

2. Provide a separate billing analysis only for the Division 2 customers for the same test period.
