The Commission, pursuant to 807 KAR 5:056, Section 1(11), hereby initiates the six-month review to examine Kentucky Utilities Company's (KU) application of its Fuel Adjustment Clause (FAC) from November 1, 2019, through April 30, 2020.

IT IS THEREFORE ORDERED that:

1. a. The information requested in the Appendix to this Order is due no later than 14 days from the date of entry of this Order. The Commission directs KU to the Commission's March 16, 2020 and March 24, 2020 Orders in Case No. 2020-00085¹ regarding filings with the Commission. The Commission expects the original documents to be filed with the Commission within 30 days of the lifting of the current state of emergency. questions related to the information provided, an original in paper medium and an electronic version to the Commission.

b. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

c. A party shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect.

d. For any request to which a party refuses to furnish all or part of the requested information, that party shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

e. When filing a paper containing personal information, KU shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

2. Any party who wishes to file testimony in this proceeding or to request information from KU may petition the Commission for a procedural schedule.

3. All documents that KU filed with the Commission during the period under review pursuant to 807 KAR 5:056, Sections 1(7) and 1(9), are incorporated by reference into the record of this proceeding.

4. Unless otherwise ordered by the Commission, the electronic filing procedures set forth in 807 KAR 5:001, Section 8, shall be followed when filing papers in this proceeding. As set forth in 807 KAR 5:001, Section 4(11)(a), a person requesting permissive intervention in a Commission proceeding is required to demonstrate either (1) a special interest in the proceedings which is not adequately represented in the case, or (2) that the person requesting permissive intervention is likely to present issues or develop facts that will assist the Commission in fully considering the matter without unduly complicating or disrupting the proceedings. Further, KRS 278.040(2) requires that a person seeking intervention must have an interest in the rates or service of a utility, as those are the only matters that are subject to the Commission's jurisdiction.

Based on the foregoing, the Commission finds that any person requesting to intervene in a Commission proceeding must state with specificity the person's special interest that is not adequately represented, or the issues and facts the person will present that will assist the Commission in fully considering the matter. A mere recitation of the quantity of electricity consumed by the movant or a general statement regarding a potential impact of a possible modification of rates will not be deemed sufficient to establish a special interest.

5. Pursuant to 807 KAR 5:001, Section 8, unless a party granted leave to intervene states its objection to the use of electronic filing procedures in a motion for intervention, the party shall be deemed to have consented to the use of electronic filing procedures and the service of all papers, including Orders of the Commission, by electronic means; the party shall file with the Commission, within seven days of the date of entry of an Order of the Commission granting the intervention, a written statement that

the party waives any right to service of Commission Orders by United States mail; and the party, or the party's authorized agent, possesses the facilities to receive electronic transmissions.

6. Any request for intervention must be filed by August 28, 2020.

7. A person who submits a motion to intervene after August 28, 2020, and, upon a showing of good cause, is granted full intervention shall accept and abide by the existing procedural schedule.

8. Any request for a hearing, or that the case should be submitted on the record, shall be filed no later than October 6, 2020.
