On September 22, 2021, Big Rivers Electrical Corporation (BREC), pursuant to KRS 278.020, 807 KAR 5:001, Sections 15 and 19, and 807 KAR 5:120, submitted an application for a Certificate of Public Convenience and Necessity (CPCN) to construct a 3.8-mile, 161-kilovolt transmission line in McCracken County, Kentucky, and for a finding that no CPCN is required for two related substation projects or, alternatively a CPCN for any of those projects the Commission determines require a CPCN. KRS 278.020(9) requires the Commission to issue a decision no later than 90 days after the application is filed unless the Commission extends this period, for good cause, to 120 days. Due to the nature of the case and the issues involved, the Commission finds that good cause exists in this matter to warrant such an extension to permit the Commission time to thoroughly review the application.

The Commission further finds that a procedural schedule should be established for the orderly processing of this matter. The procedural schedule is attached as an Appendix to this Order.

Further, KRS 278.040(2) requires that a person seeking intervention must have an interest in the rates or service of a utility, as those are the only matters that are subject to the Commission's jurisdiction. Therefore, any person requesting to intervene in a Commission proceeding must state with specificity the person's special interest that is not otherwise adequately represented, or the issues and facts that the person will present that will assist the Commission in fully considering the matter.
