ORDER

On April 19, 2023, Unbridled Solar, LLC (Unbridled Solar) filed a motion requesting the Siting Board make a determination if the final site plan met all conditions imposed in the June 4, 2021 Order.<sup>1</sup> Unbridled Solar stated the final site plan reduces the Project by 158 acres, reducing the visual impacts of the property. Unbridled Solar further stated the final site plan changed the location of several panels, inverters, and the substation. The movement of project components increases the distance from existing residences.

Based upon the motion, the Siting Board finds that Unbridled Solar's final site plan is in compliance with the conditions imposed in the June 4, 2021 Order. The changes to the site plan have not materially changed the Project and do not create a magnitude of impacts different from the impacts the Siting Board addressed in the original consideration of the case.

<sup>1</sup> Order (Ky. PSC June 4, 2021).

IT IS THEREFORE ORDERED Unbridled Solar's motion for a determination that the final site plan comply with the conditions imposed in the June 4, 2021 Order is granted.
