ORDER

On February 23, 2023, the Commission issued an Order in this matter granting Atmos Energy Corporation (Atmos Energy) a Certificate of Public Convenience and Necessity to bid on a franchise offered by the city of Madisonville, Kentucky. The Order erroneously described the franchise as one for electric transmission and distribution service. The franchise offered by Madisonville, Kentucky is for the transmission and distribution of natural gas. On February 23, 2023, Atmos Energy filed a motion requesting a correction of the Order.

Finding that the February 23, 2023 Order shall be amended, the Commission HEREBY ORDERS, *nunc pro tunc*, that:

1. The term “electric transmission and distribution service” is stricken entirely and is replaced in every instance with the following language:
natural gas transmission and distribution service.
2. All other provisions of the Commission’s February 23, 2023 Order that are not in conflict with the terms of this Order shall remain in effect.
