Re: *Performance Measurements for Telecommunications Interconnection,  
Unbundling, and Resale; Docket No. 7892-U*

Dear Mr. McAlister:

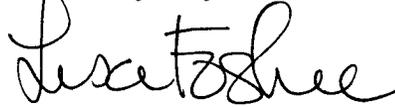

In its July 19, 2002 and July 18, 2005 Orders in the above-referenced docket, the Georgia Public Service Commission ("Commission") adopted a notification process. More specifically, in Appendix F of the new Service Quality Measurements Plan, BellSouth Telecommunications, Inc. ("BellSouth") is required to provide notice and obtain Commission-approved changes to the method by which BellSouth's performance data is calculated. Under this Commission-approved process, BellSouth must provide written notice on the first business day of each month and conduct an industry call, after which parties have ten (10) days to file written comments with the Commission concerning any of BellSouth's proposed changes.

Consistent with the Commission's Orders, BellSouth has established a schedule for the industry conference calls that will be conducted during the year of 2006. The conference calls will be held on January 9, February 7, March 7, April 7, May 5, June 7, July 10, August 7, September 8, October 6, November 7, and December 7, 2006 and will be conducted from 2:00 p.m. to 5:00 p.m. (ET). The same conference bridge number will be used for each call, which is 404-521-5280 (if calling locally in Atlanta) and 888-255-0009 (toll free within the BellSouth calling area); access code 216621#. BellSouth has taken the liberty of preparing a schedule outlining these calls as well as the deadlines for BellSouth's filing written notification of proposed data changes and for interested parties' filing comments with the Commission. A copy of the 2006 schedule is enclosed and has been posted to BellSouth's Performance Measurement and Analysis Platform ("PMAP") website at <http://pmap.bellsouth.com>.

Yours very truly,

Lisa S. Foshee
