I am a citizen of Estill County. I live across the river from the waste coal-fired power plant proposed by Estill Energy Partners, LLC. I would like to request a public hearing so that I can learn more about the plans for this facility and its impact on the county.

Thank you,

I am an Estill County resident of 25 years. I live in the Red Lick area of the county with my husband and three boys, ages 12-8. I have heard that Estill Energy Partners, LLC has put in an application for building a coal-fired power plant. This could affect my section of the county. I would like a public hearing about this so that I can learn more about the plans for this proposed power plant.

Thank you,
