

## AGREEMENT TO AMEND TERRITORIAL SERVICE AREA BOUNDARY

**WHEREAS**, Louisville Gas & Electric/Kentucky Utilities Company and Clark Energy Cooperative, Inc., both provide electrical service to the proposed Fieldstone Estates Subdivision, Phase 1, in Richmond, Madison County, Kentucky; and

**WHEREAS**, the current territorial service area boundary approved by the Kentucky Public Service Commission (PSC) creates a potential problem in that the various lots which have been created by the developer are serviced by both energy suppliers under the current territorial boundaries; and

**WHEREAS**, the parties wish to prevent any duplication of power line facilities, equipment, and appurtenances and wish to provide economical electric service to their customers;

**NOW, THEREFORE**, in consideration of amending the existing territorial service area boundary line approved by the PSC, the receipt and sufficiency of such consideration is hereby acknowledged, the parties hereby agree as follows:

1. The parties currently share a territorial service area boundary line approved by the PSC and both provide electrical service to the proposed Fieldstone Estates Subdivision, Phase 1, along Four Mile Road in Richmond, Madison County, Kentucky.
2. The current territorial service area boundary line approved by the PSC creates a potential problem in that the various lots which have been created by the developer are serviced by both energy suppliers under the current territorial boundaries and the parties propose an amended territorial boundary line.
3. The amended territorial boundary line that has been agreed to by the parties is illustrated by the accompanying maps and more particularly described as follows:

This being a description of the proposed new service boundary line between Clark Energy Cooperative and Louisville Gas and Electric/Kentucky Utilities in Madison County, Kentucky, said line running through the proposed Fieldstone Estates Subdivision Phase I off Four Mile Road near the city of Richmond, KY

Beginning at a point where the existing service boundary line intersect four mile road approximately 1695 feet west of the intersection of Four Mile Road and the City of Richmond's Eastern By-Pass, said point having Kentucky State Plane South (NAD 83 Datum as will be all coordinates described hereon) Coordinates Northing = 2163363.60 and Easting = 2068638.20, said point also being the **Point of Beginning for the new Service Boundary Line**; Thence with the center of Four Mile Road S89°48'00"W 498.61 feet to the intersection of proposed Sage Drive and Four Mile Road, said point having Coordinates Northing = 2163361.86 and Easting = 2068139.59; Thence up Sage Drive N10°46'49"E 168.96 feet to the proposed intersection of Sage Drive and Cobble Drive, said point having Coordinates Northing 2163527.84 and Easting 2068171.19; Thence with Cobble Drive the following courses: N89°48'23"E 387.24 feet to a point having Coordinates Northing = 2163529.11 and Easting = 2068547.70, with a curve to the left

having a radius of 200.00 feet and a length of 256.26 feet to a point having Coordinates Northing 2163677.03 and Easting 2068735.54, and N15°04'29"E 223.66 feet to the proposed intersection of Rock Way and Cobble Drive, said point having a Northing = 2163893.00 and a Easting = 2068793.71; Thence with proposed Rock Way N74°55'34"W 33.43 feet to a point having a Northing = 2163901.69 and a Easting = 2068761.44; Thence with Rock Way and a long curve to the right having a radius of 400.00 feet and a length of 291.13 feet to a point having Coordinates Northing = 2164068.77 and Easting = 2068530.85; Thence with Rock Way N33°13'21"W 588.29 feet to a point on Rock Way that is at the North property lines of Lots 22 and 23 of proposed Fieldstone Estates Subdivision, said point having Coordinates Northing = 2164560.91 and Easting = 2068208.53; Thence leaving Rock Way and across the back of Lot 23 N59°08'28"E 103.28 feet to the end of the proposed changes where the proposed New Service Boundary Line junctions with the existing Service Boundary line, said point having Coordinates Northing = 2164613.88 and Easting 2068297.19

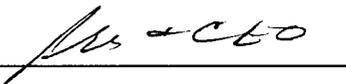

4. The amended territorial boundary area shall prevent any duplication of power line facilities, equipment, and appurtenances.
5. This agreement does not affect any other territorial service areas of the respective companies.
6. This agreement shall go into full force and effect upon order of the PSC approving this agreement.
