Re: Investigation Concerning the Propriety of InterLATA Services by BellSouth Telecommunications, Inc. Pursuant to the Telecommunications Act of 1996
PSC 2001-00105

Petition of BellSouth Telecommunications, Inc. for the Establishment of a New Performance Plan
PSC 2004-00391

Dear Ms. O'Donnell:

Consistent with Appendix F of the Service Quality Measurements Plan adopted by this Commission on August 31, 2005, BellSouth Telecommunications, Inc. d/b/a AT&T Kentucky ("AT&T Kentucky") is filing a Proposed Data Notification Report for September 2007 data month. The September 2007 changes will be discussed at the August 7, 2007, industry conference call. There is an additional matter that AT&T Kentucky would like to bring to the attention of the Commission and the parties; specifically a defect in the implementation of RQ9085.

In its May 2007 Data Notification filed on April 3, 2007, AT&T Kentucky provided notice that due to an Encore defect, it would change the logic to identify appropriate timestamps on LNP records from Application date/time to FOC date/time stamp for the Order Completion Interval metric. Although AT&T Kentucky expected this change to resolve the problem, it created additional issues with other orders associated to the LSR. To correct this defect, AT&T will use the FOC date/time stamp for Trigger orders and Issue date/time stamp for all other orders (listing, disconnect, and port). AT&T will also use the Issue date/time stamp as the default time stamp for all orders where the FOC date/time stamp is not available/applicable. Additionally, the impact of this change will not require reposting.

The attached certificate of service certifies that this filing was filed electronically today and a copy of the Read1st document has been served by email on parties of record. Parties of record can access the information at the Commission's Electronic Filing Center located at <http://psc.ky.gov/efs/efsmain.aspx>.

Sincerely,

/s/ _____
Mary K. Keyer
