CASE NO.
2010-0223

MOTION OF HENDERSON WATER UTILITY
FOR FULL INTERVENTION AND REQUESTS FOR PUBLIC
HEARING AND FULL EVIDENTIARY HEARING

Comes the Henderson Water Utility (hereinafter referred to as "HWU"), by counsel, and moves the Kentucky State Board on Electric Generation and Transmission Siting (hereinafter "Siting Board"), pursuant to KRS Chapter 278 and 807 KAR 5:110 and all other applicable law, to intervene in the above styled proceeding as a full party, with all rights and privileges of a full intervenor. In support thereof, HWU states as follows:

1. That the HWU is duly organized and existing under the laws of the Commonwealth of Kentucky and situated in Henderson County, Kentucky. HWU owns and maintains property within the County of Henderson, Kentucky.

2. On July 15, 2010, Southern Indiana Gas & Electric Co., d/b/a Vectren Energy Delivery of Indiana, Inc. ("Vectren") filed an "Application for Certificate to Construct Nonregulated Electric Transmission Line" with the Siting Board. The Application seeks approval to site and construct a 345 kV electric transmission line.

3. That the proposed route for the Vectren line and its subsequent operation will directly and adversely affect property owned and maintained by HWU.

4. That the proposed route of the Vectren line will adversely affect HWU operations and obligations and will have a significant adverse impact upon legal, scenic, historic, aesthetic and perhaps archeological assets and property of HWU and Commonwealth.

5. That because of its status within Henderson County, Kentucky, and the adverse impacts which will occur to its facilities, property, and its legal obligations, HWU has a special and unique interest in this proceeding and moves the Siting Board to grant it status as a full party intervenor.

6. That HWU is an interested person pursuant to KRS 278.712 and has a special interest pursuant to 807 KAR 5:110 entitling it to full intervention in this proceeding.

7. That the special interest of HWU is not otherwise adequately represented by any other intervenors or the applicant.

8. That the line as proposed will significantly degrade scenic assets of the Commonwealth and that its construction as proposed will be in violation of applicable law. Its construction will adversely impact the ability of HWU to comply with existing legal orders and obligations and to conduct its business of providing water to its customers, both current and future.

9. That the Applicant does not have nor can it obtain, the necessary rights of

way to construct the line as proposed.

10. That full intervention by HWU will assist the Siting Board in reaching its decision, and will not unduly interrupt the proceeding.

11. That the attorneys for HWU authorized to represent it in this proceeding and to take service of all documents are:

12. That the Siting Board is hereby requested to hold a public hearing in Henderson County, Kentucky to provide a forum for all interested persons to comment and advise the Siting Board on issues relating to the Application herein.

13. That the Siting Board is hereby requested to hold a full, formal, evidentiary hearing on the application herein; including an opportunity for parties to tender evidence, cross examine witnesses and exercise the rights of due process of law afforded to all interested parties.

WHEREFORE, the Henderson Water Utility moves that an order be entered in this proceeding granting it full intervenor status; that the Siting Board order a public

hearing be held in Henderson County, Kentucky on the Application herein; that a full evidentiary hearing be held on the Application herein; and for any and all other relief to which HWU may be reasonably entitled including its costs and attorneys' fees herein expended.

So moved this the 16th day of August, 2010.
