BIG RIVERS EHV STATION)

CASE NO.
2010-00223

**MOTION OF HENDERSON WATER UTILITY
FOR EXTENSION OF TIME TO FILE DATA REQUESTS**

Comes Henderson Water Utility (hereinafter referred to as "HWU"), by counsel, and moves the Kentucky State Board on Electric Generation and Transmission Siting (hereinafter "Siting Board"), pursuant to KRS Chapter 278, 807 KAR 5:110, and all other applicable law, for an extension of time to file data requests upon the Applicant. In support of its Motion, HWU states as follows:

1. That currently HWU has not been granted intervention status herein by the Siting Board. The current deadline to file data requests is August 23, 2010.
2. That HWU has been advised that the Applicant is in the process of filing an amended application which will significantly change the location of the proposed transmission line which is the subject of this Application. Such a modification may impact HWU's data requests.
3. That given the status of the pending matter, HWU requests that it be granted three business days after the entry of an order granting its Motion to Intervene to

file data requests. Further, since this extension will impact the time of response, HWU requests that the Applicant be granted a period of no longer than seven days from the date of filing of the data requests to respond thereto.

4. That the granting of this Motion will not unduly interfere with the process and will provide for complete participation by the movant, HWU, and will further assist the Board in a more complete evaluation of the Application.

WHEREFORE, Henderson Water Utility moves that it be granted an extension of time of three of business days after the entry of an order granting its Motion to Intervene to file data requests addressed to the Applicant. Further, HWU requests that the Applicant be granted a reasonable time, not to exceed seven days from the date of filing of the data requests to respond thereto.

So moved this the 20th day of August, 2010.
