

CLARK ENERGY

A Touchstone Energy Cooperative 

January 31<sup>st</sup>, 2012

Mr. Jeff Derouen  
Executive Director  
Kentucky Public Service Commission  
211 Sower Boulevard  
P.O. Box 615  
Frankfort, KY 40602-0615

Mr. Derouen

Clark Energy is submitting an Application for a Certificate of Convenience and Necessity to construct distribution facilities according to our four-year construction work plan program. The Application and all supporting documentation is being filed using the procedures and guidelines of the Commission's electronic filing initiative. Commission staff has assigned our Application to Case No. 2011-00303. The Application and all supporting materials filed electronically in connection with Case No. 2011-00303 are a true, accurate and complete representation of the original documents.

This transmittal letter and all supporting documents will be uploaded to the Commission Web site per the electronic filing procedures and guidelines as revised 11/23/2010. A copy of the electronic filing confirmation will be attached to the required paper copy and delivered to the Commission. Due to the large quantity of paper copy involved for the voltage drop study, 8,474 pages, a CD will be provided as part of the original paper copy.

Please contact Todd Peyton, [tpeyton@clarkenergy.com](mailto:tpeyton@clarkenergy.com) 859-901-9236, Manager of Engineering Services, at Clark Energy should you have any questions or need additional information.

Respectfully,

Paul G. Embs  
President & CEO
